Where it began,
I can't begin to knowin'
But then I know it's growin' strong.
Was in the spring,
Then spring became the summer,
Who'd-a believe you'd come along.

Hands, touchin' hands, reachin' out,
Touchin' me, touchin' you,
Sweet Caroline,
Good times never seemed so good.
I've been inclined,
To believe they never would.

But, now I look at the night,
And it don't seem so lonely,
We fill it up with only two.
And when I hurt,
Hurtin' runs off my shoulder,
How can I hurt when holdin' you?

Warm, touchin' warm, reachin' out,
Touchin' me, touchin' you,
Sweet Caroline,
Good times never seemed so good,
I've been inclined,
To believe they never would.

may the road rise up
to meet you
may the winds be always
at your back
may the sun shine
warm upon your face
and the rain fall soft
upon your fields
And until We meet
again, May God hold
You in the palm of His
Hand.

A very special man has touched our lives. We knew him not only as a teacher, but as a friend, a clown and a family man.

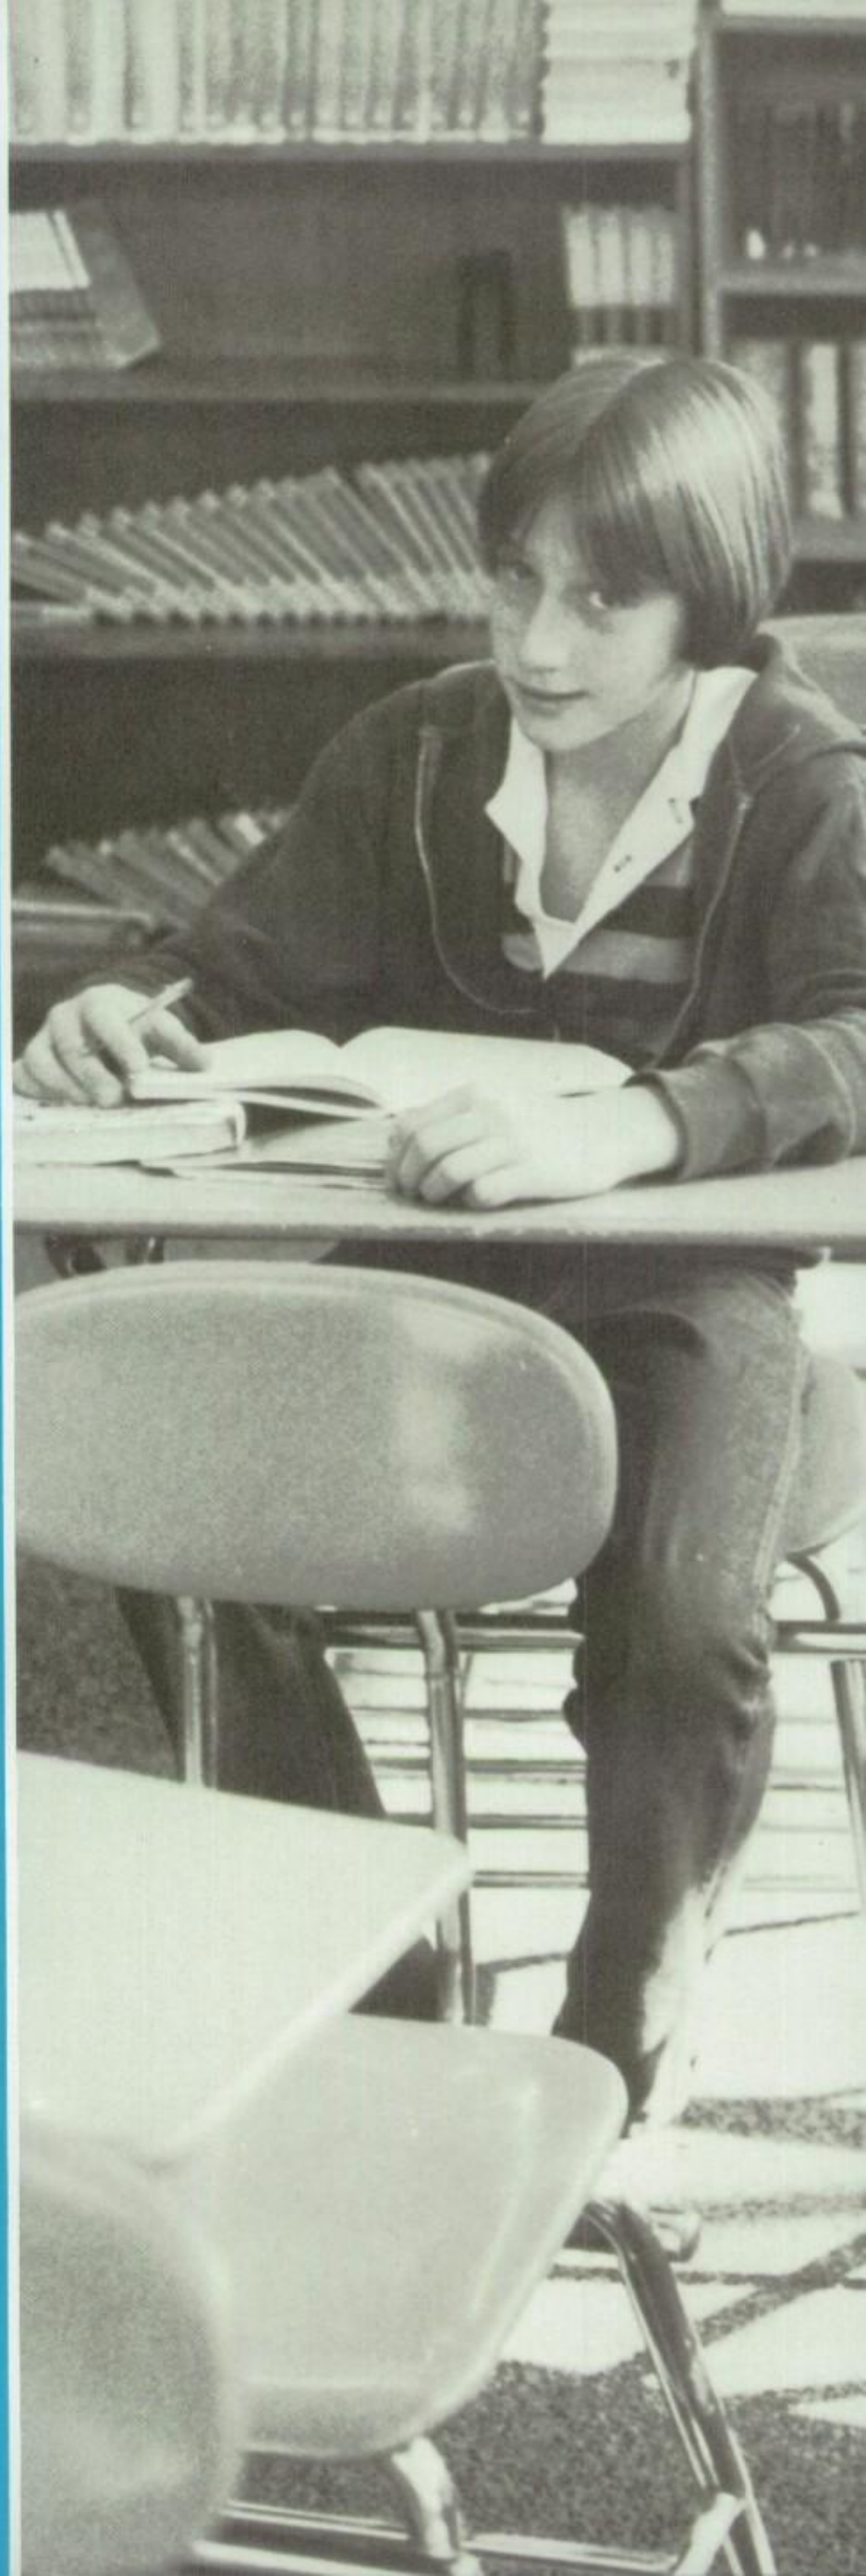

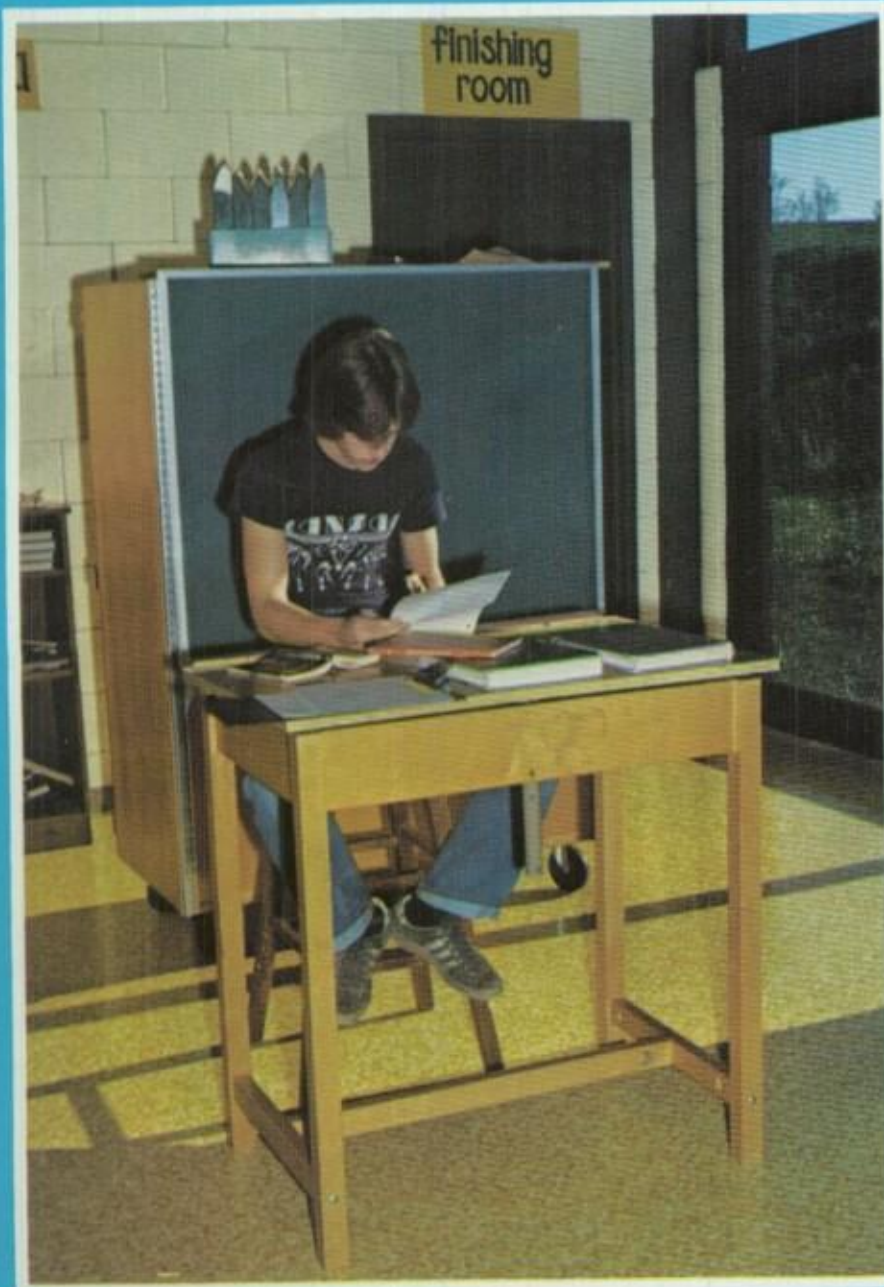

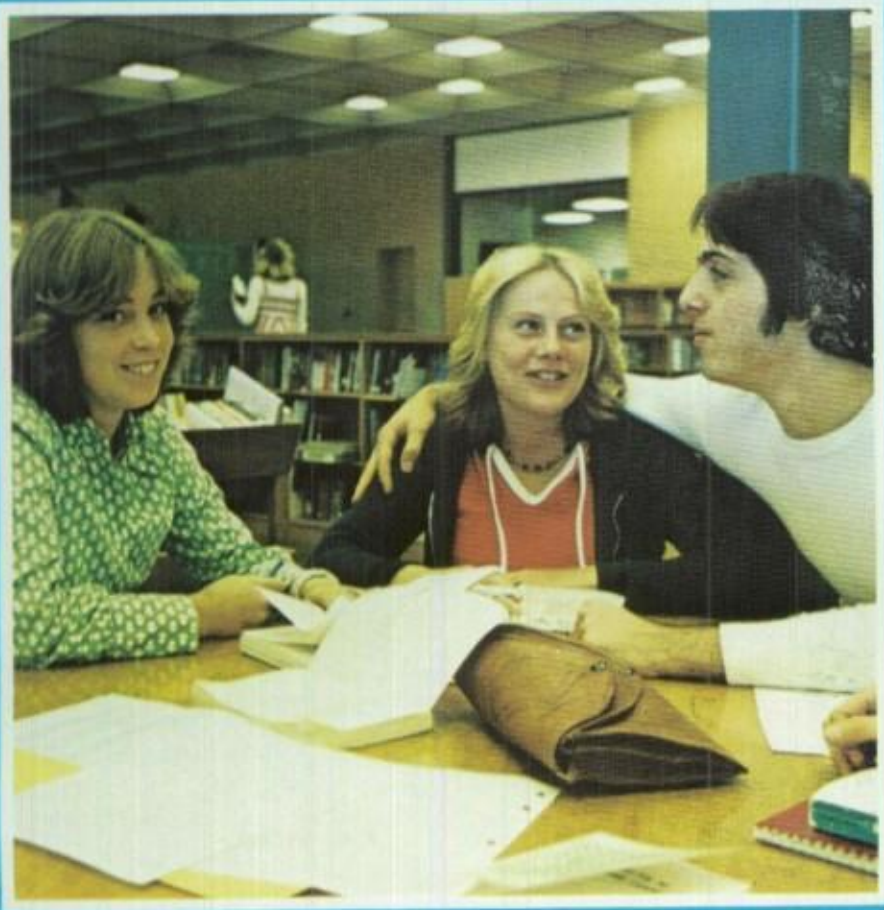

Murph loved to teach; perhaps that's why he did it so well. Teaching was a challenge to him, but his enthusiasm was more than willing to take on any challenge. He used unique methods to make us want to learn. His classes were always fun and an inspiration to learn, but his inspiration went further than that. Murph was truly a fantastic teacher and had many more lessons to teach than those from a book.

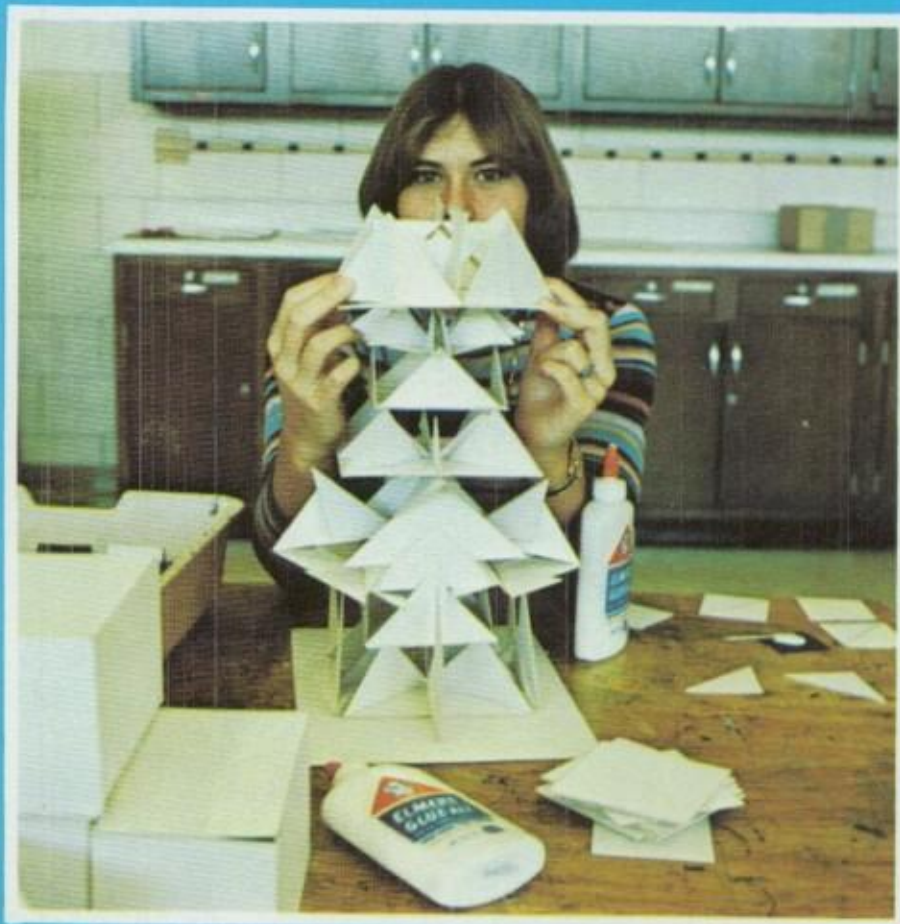

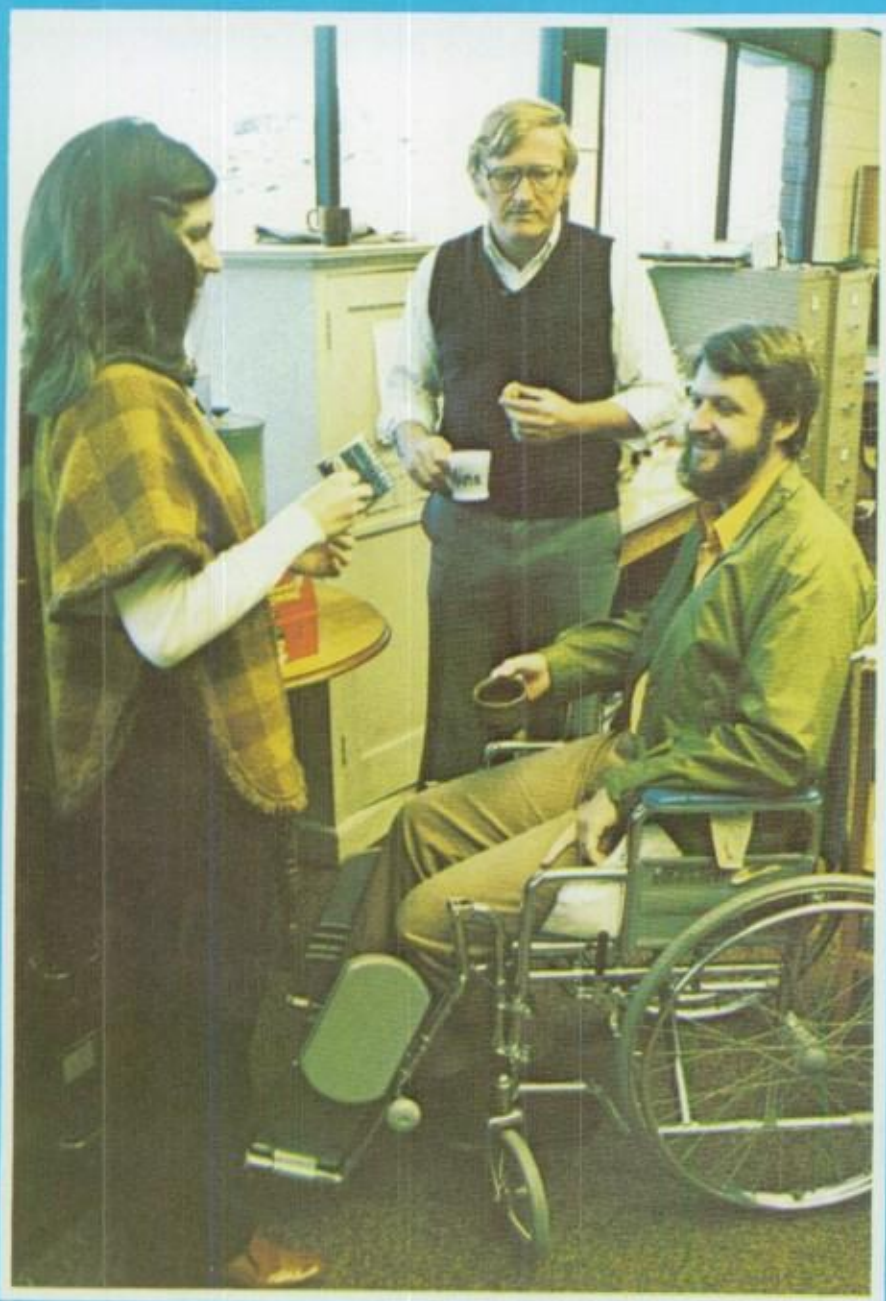

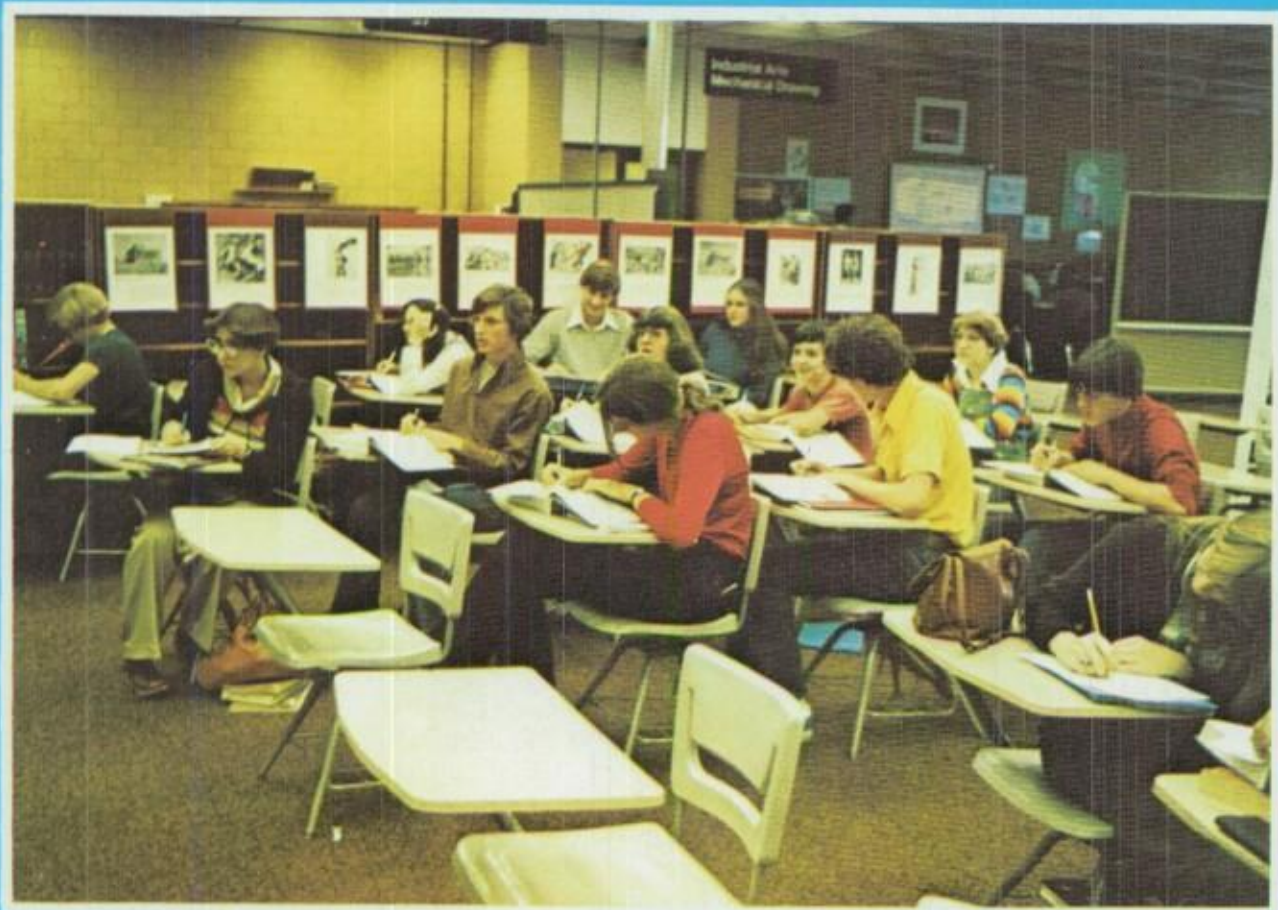

He had the true qualities of a friend. Murph was always game for anything-he tried everything at least once. Murph was the kind of guy who always had an encouraging word, a joke when you were down, and happiness for your success. He had the type of personality that was radiant when he walked into a room. Murph enjoyed making friends and was an easy guy to talk to.

Murph had pride in everything he did, his friends, his students and especially his family. He had a great amount of love for his family and always had a story to tell about them. Many of the lessons he taught through the love of his children.

We would like to dedicate this book, to Murph, who had so many lessons to teach and so much love to give. His memory will always be an inspiration to us. Yes, a very special man has indeed touched our lives.

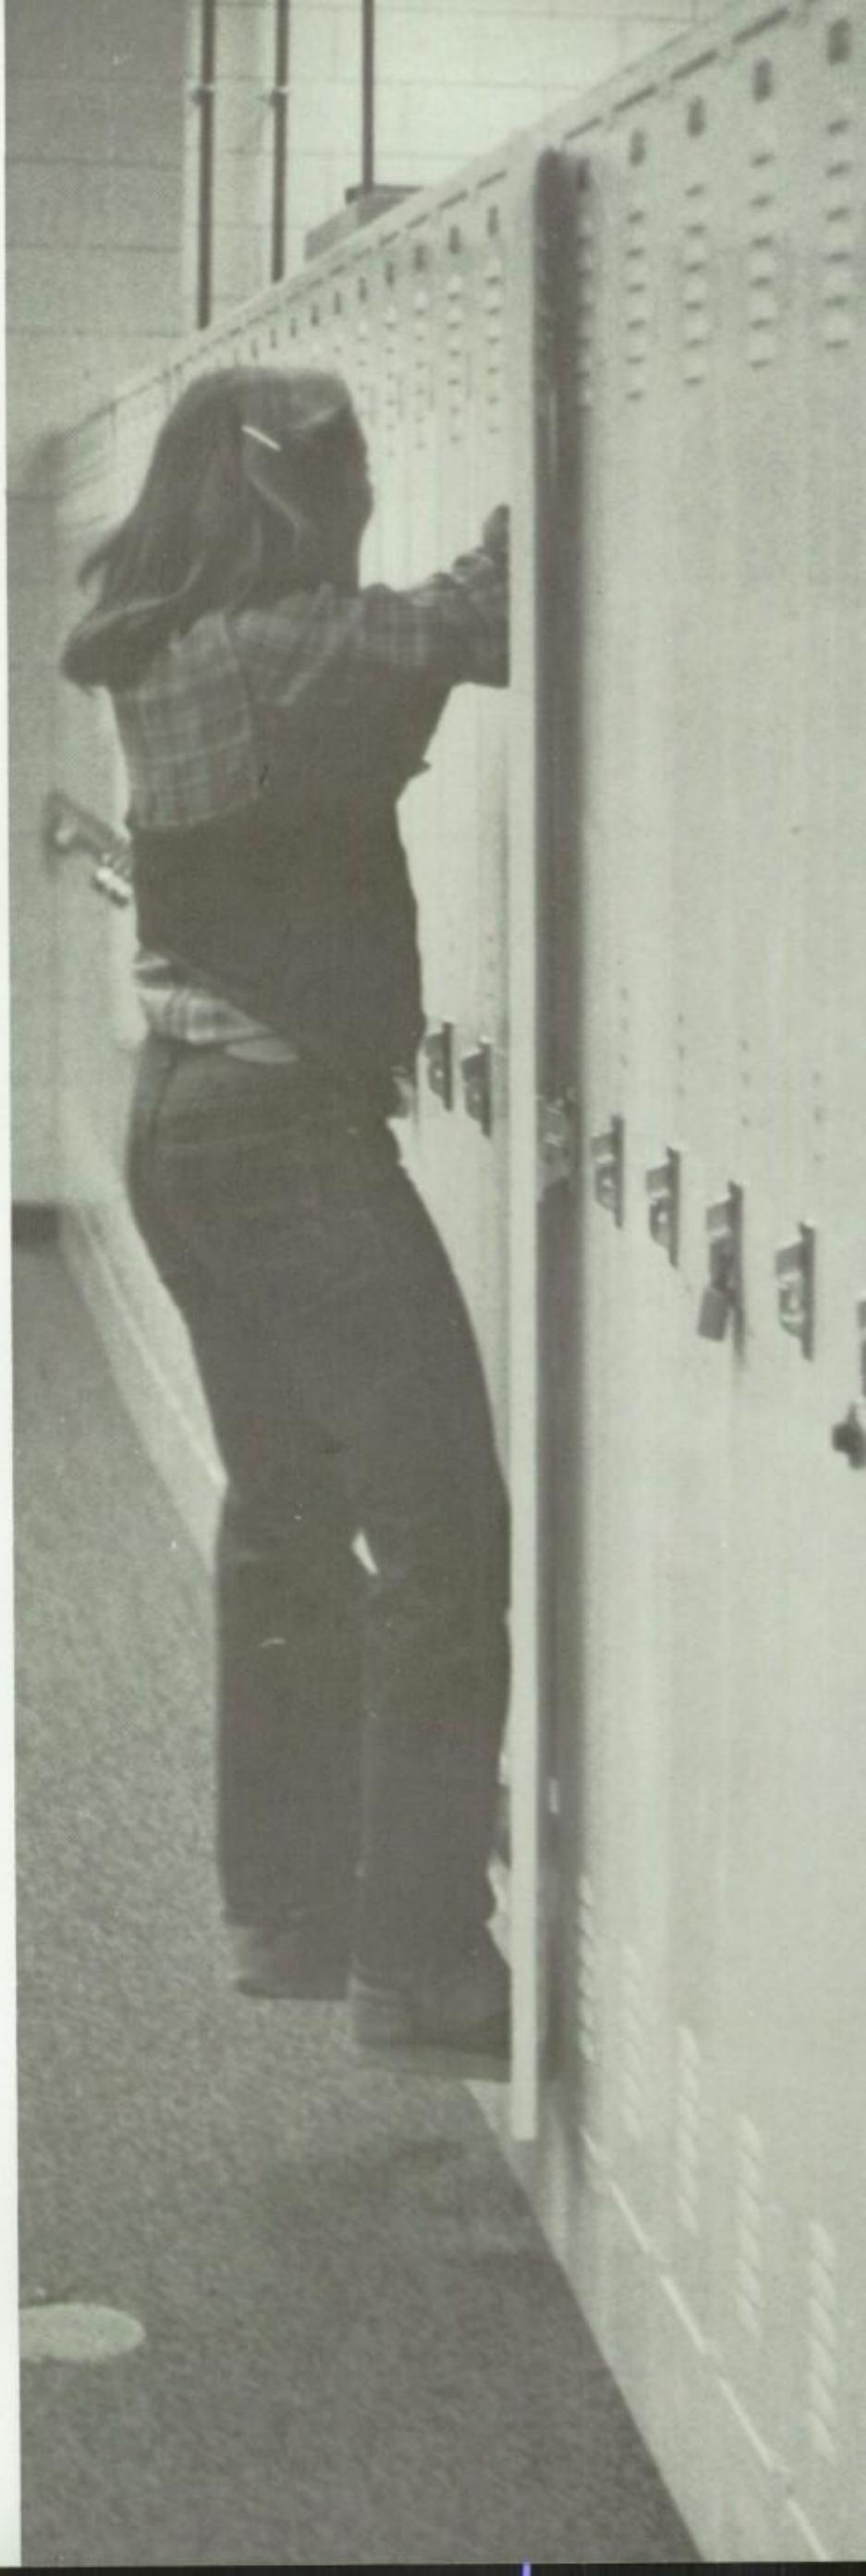

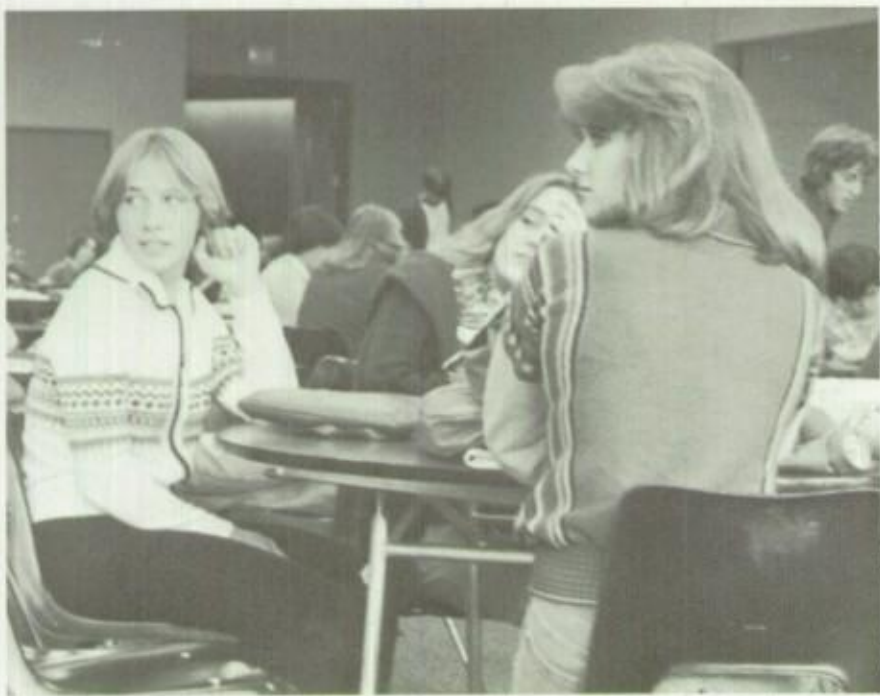

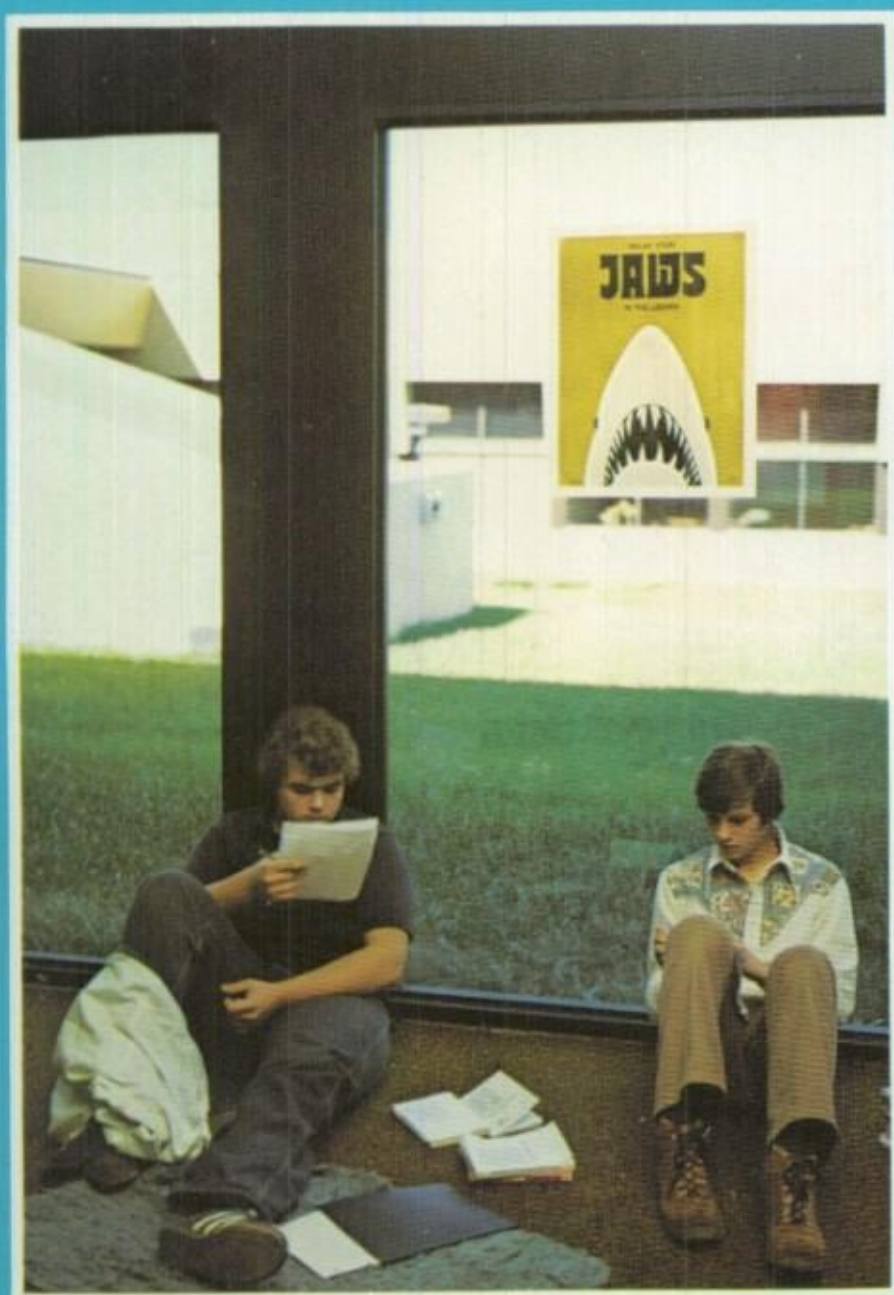

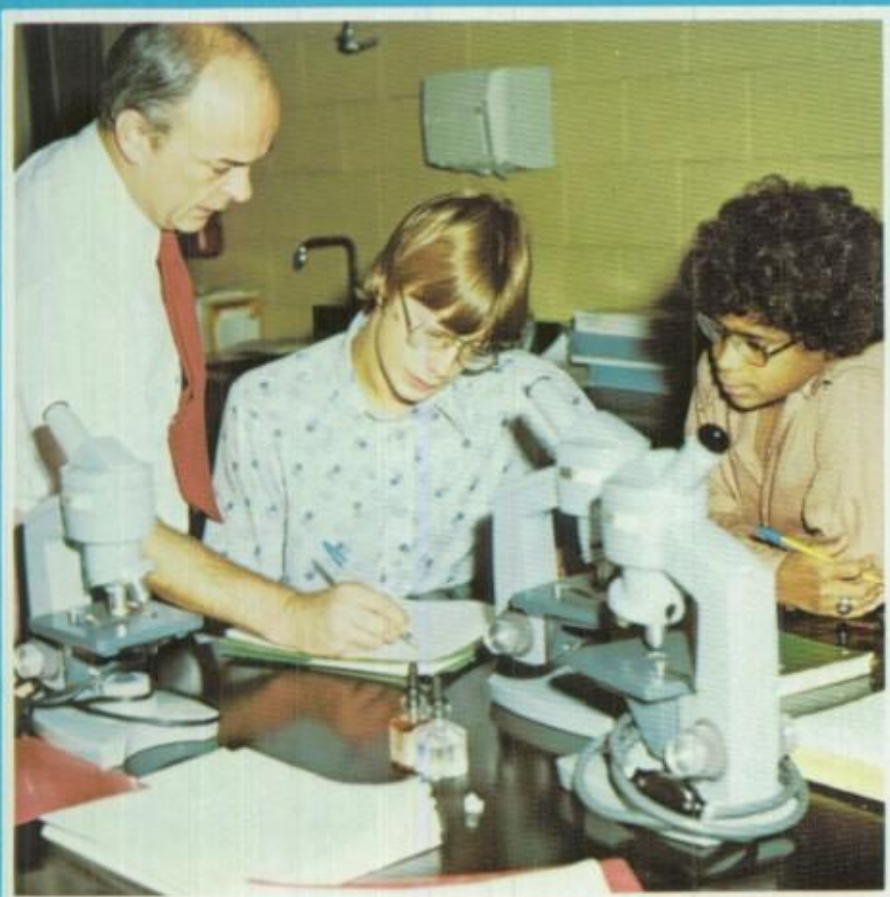

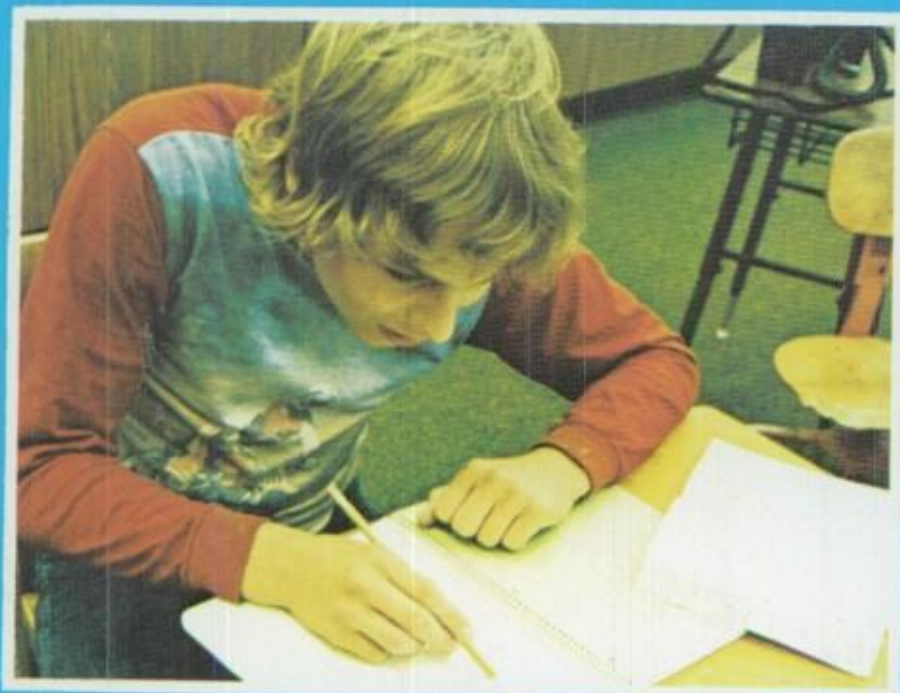

I hope the day will be a lighter highway
 For friends are found on every road
 Can you ever think of any better way
 For the lost and weary travelers to go

Making friends for the world to see
Let the people know, you got what you need
With a friend at hand, you will see the light
If your friends are there then everything's alright

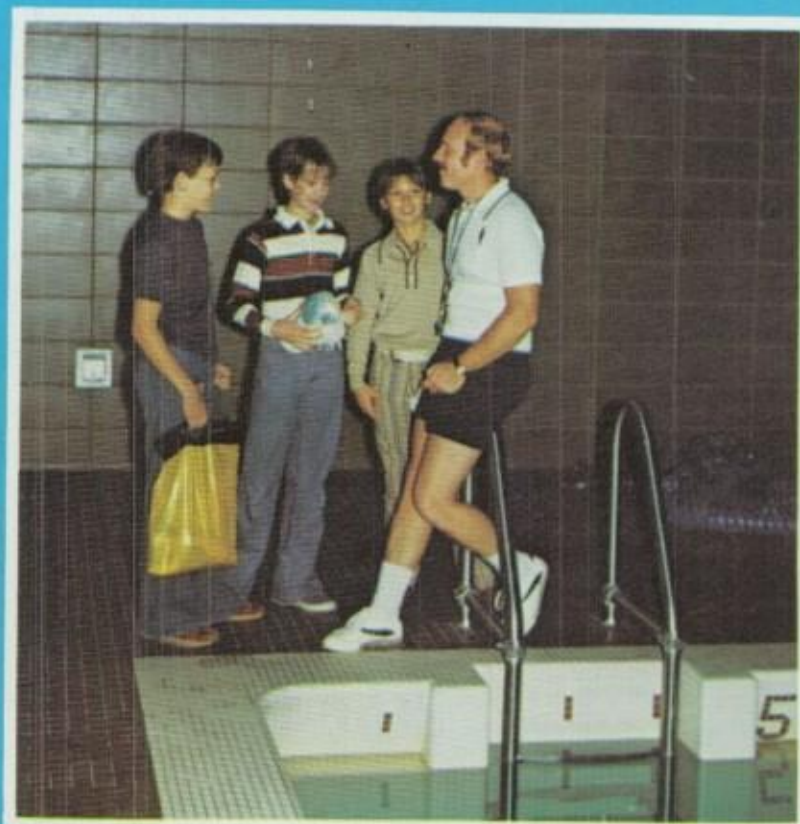

It seems to me a crime that we should age
 These fragile times should never slip us by
 A time you never can or shall erase
 As friends together watch their childhood fly

Class

Photo Taken At Westerly

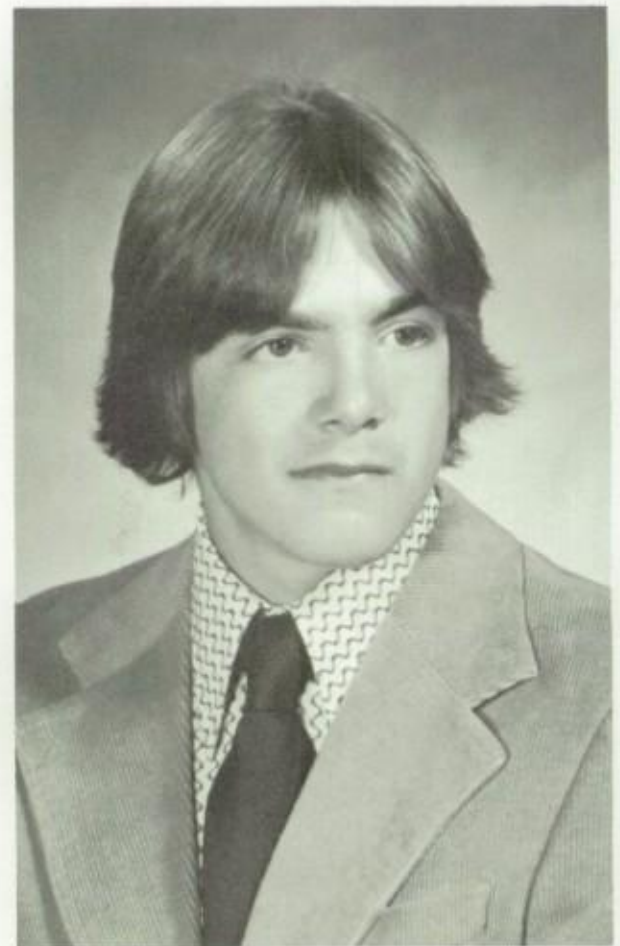

Of 1978

The class of 1978 and the student body would like to preserve this page of our yearbook in memory of our friend, Kevin Eaton, who was taken from us this past summer.

A page in our yearbook and some nostalgic words does not seem to thank Kevin enough for the many wonderful moments he gave us.

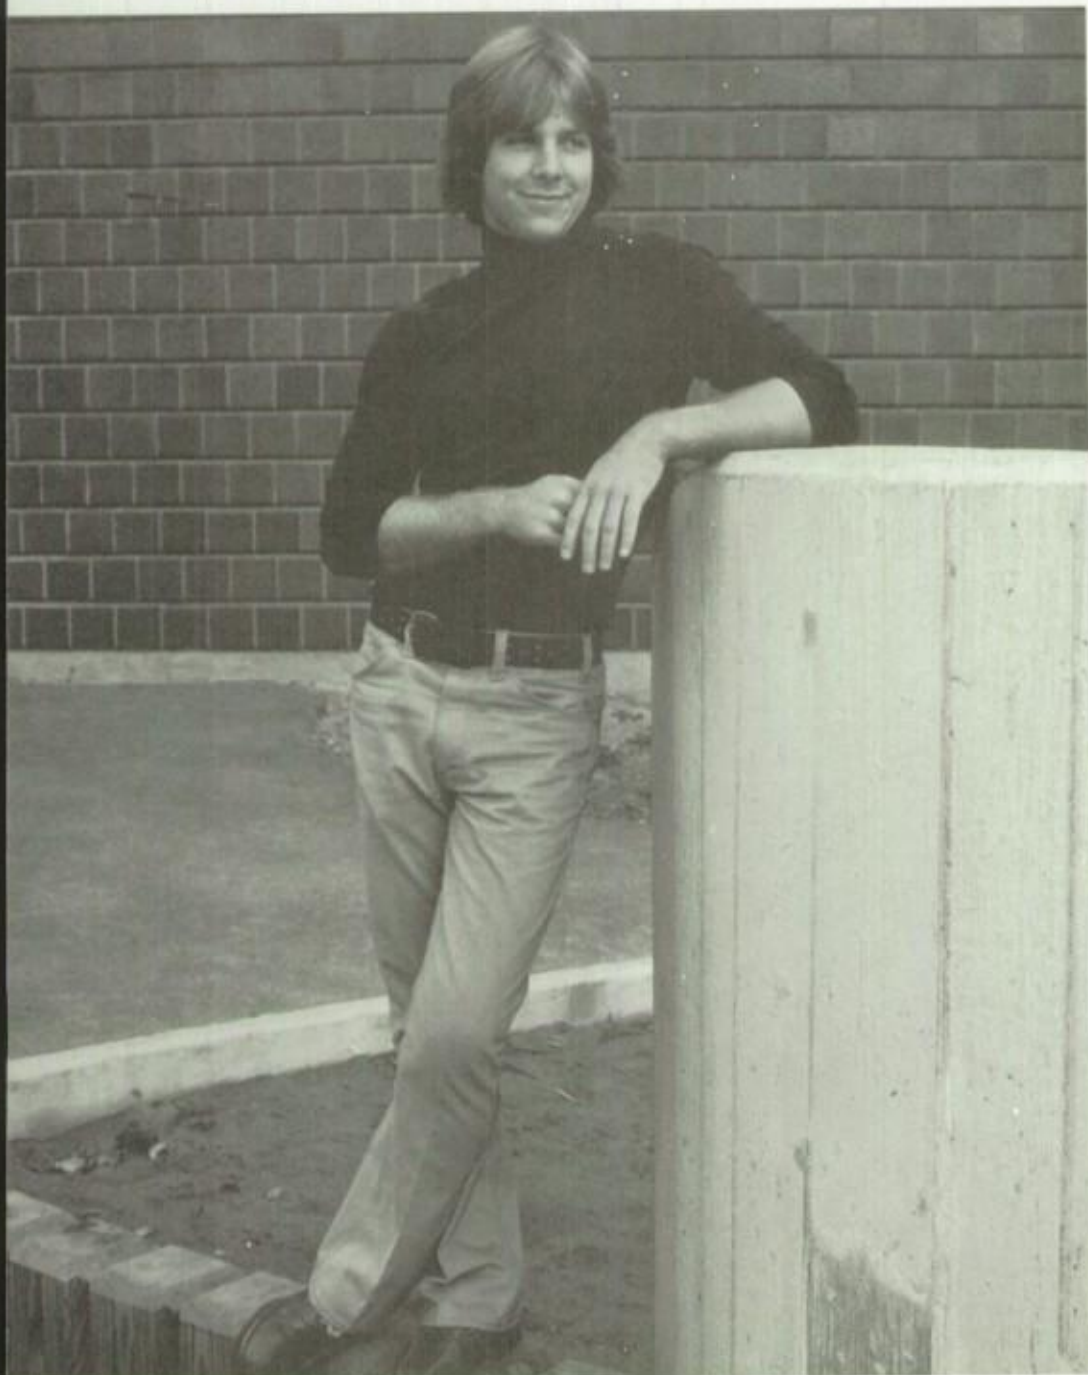

Kevin will be remembered for his many characteristics. He had a strong determination and desire to better himself to his potential. He was also a very proud boy. He was proud of his family, friends and school. His quick wit, contagious laugh and friendly smile will be missed very much. Kevin will be remembered and will be an inspiration to us all.

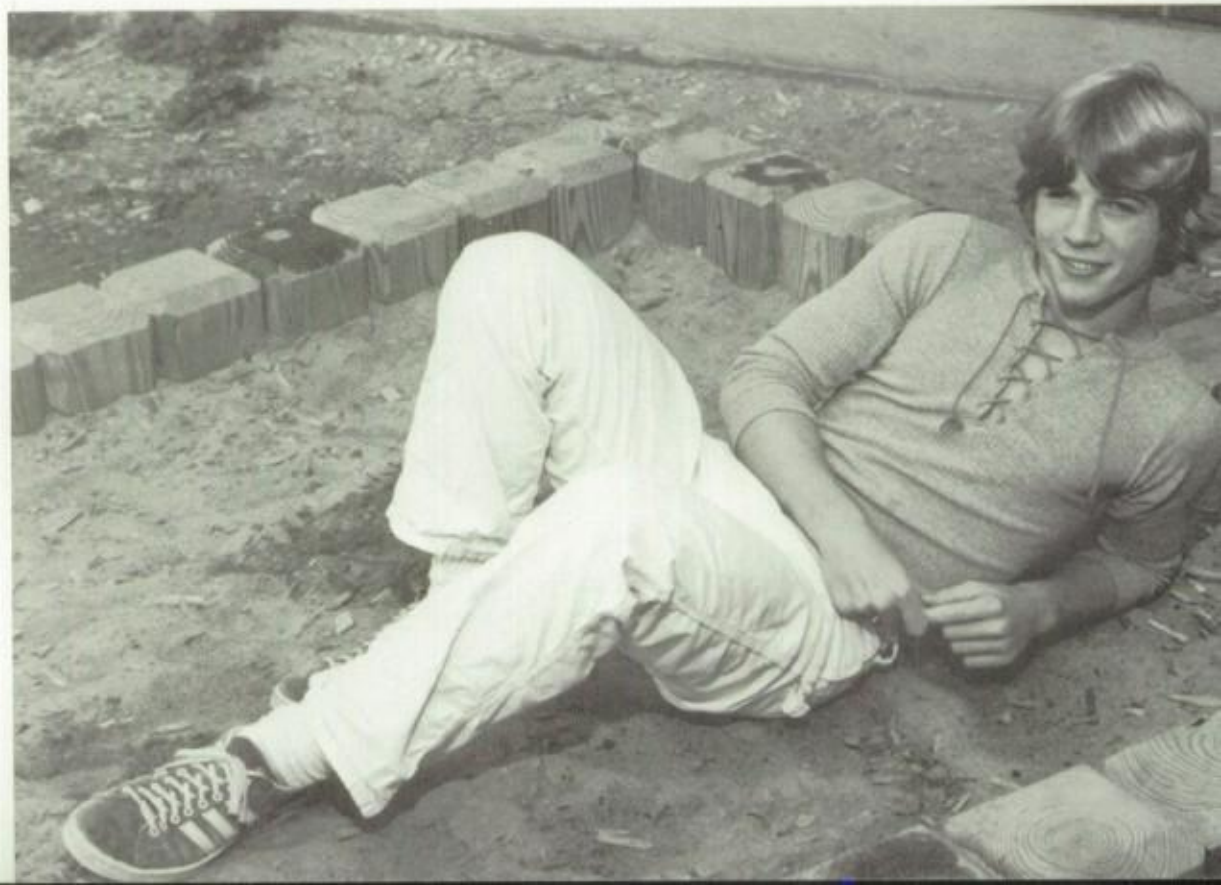

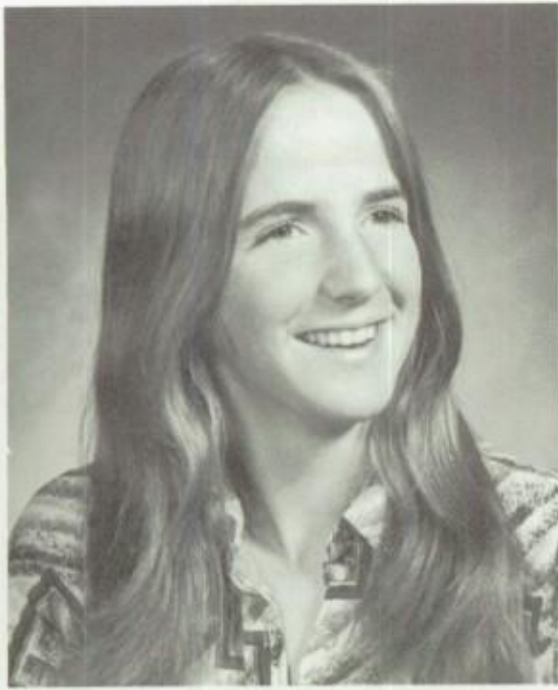

We, the class of '78, would like to dedicate this senior section to our advisor, Mr. Ray McMillan (Chiefer!). Through many years of working with this very special man we have learned of his many fine qualities. Chief is always kind, good-natured, tolerant, patient, and supportive of us. He's the type of man who can put up with a sixth period business law class- a class that barks at 1:00, has an open-neighbor policy, chatters constantly, and is very fond of the art of practical jokes. Yet, this man continues to smile, laugh, and help those who want to learn. He always participates in our class activities. He goes to every boring, loud dance we have. He takes time out to see a soccer game or go to a spaghetti supper. He always makes us feel as if he really enjoys being with us. Egads, Chief! It's the idea that we all love you very much and will always remember you!

Uncertainty is the new stranger . . .
 For the first time in our lives the decisions will be ours to
 make,
 And each will in somehow alter what the future holds in store.
 Our lives will then take on a new meaning,
 With no turning back.
 Each of us will go off to find ourselves in different ways;
 Some to reach new heights seeking fortune and fame,
 Others just to make something of their lives.
 Whatever the choice may be,
 There will always be a part of us that can never be taken away . . .
 The past.
 Just as a bird gains its freedom and soars from
 the cage —
 So are our futures freed,
 Although we retain a certain respect for the stronghold that
 secured us.
 Yet another chapter in our lives will soon come to an end,
 In which a certain lose of childhood is involved.
 Nevertheless, the experience we will gain may be well
 worth it.
 Not only have we been taught the esestial knowledge for our
 futures,
 But something of even greater importance . . . friendship.
 While the sands of time slip through our hands,
 We will hold fast to yesterdays memories.
 And as that time grows closer,
 Our friendship also grows closer.
 A Senior

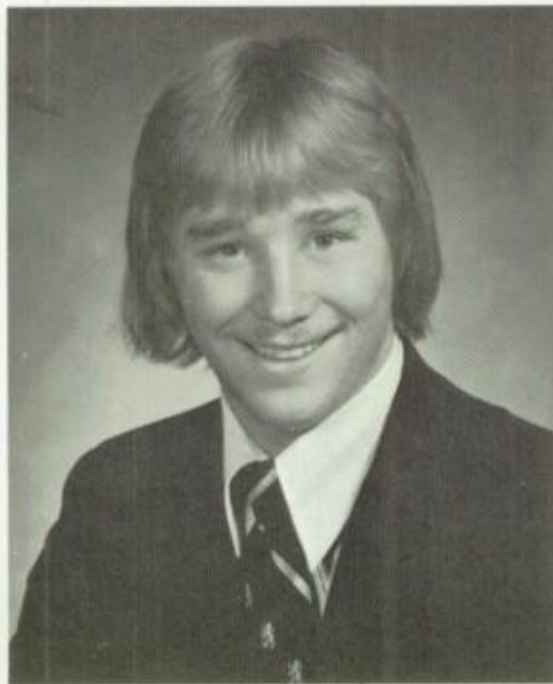

*H*ard times, hand to mouth, down
 and out,
 All those hard times
 But we've seen the seasons turning
 As we weathered every storm
 And the climate of our loving
 Is so tender and so warm
 And the best is yet to come
 This is only the beginning
 And we've only just begun
 To realize the best is yet to come
 Heartache, more or less so useless,
 All the heartache
 But when the flood of sudden tears
 came down
 We smiled and stood our ground
 And the laughter we've been counting
 on
 It finally came around
 And the best is yet to come
 And it's getting so much better
 Than anything I've known
 And I know—oh yes—the best is yet to
 come

By baby, see you 'round.
 Didn't I tell you I wouldn't hold you down?
 Take good care of yourself, ya hear.
 Don't let me hear about you shedding a tear.
 You're gonna make it,
 You're gonna make it.
 Remember me as a sunny day that you once had along the way.
 Didn't nights fire get a little higher.
 Remember me as a funny clown that made you laugh when
 You were down. Didn't I boy? Didn't I boy?
 Remember me as a big balloon that kinda fall
 Down and ended too soon.
 Remember me as a breath of Spring,
 Remember me as a good thing.
 By baby, see ya 'round.
 I already know about the new love you found.
 What can I do but wish you well?
 What we had was really swell. I won't forget it.
 No I have no regrets.
 Remember me as the sound of laughter,
 And my face the morning after.
 But don't forget me and you're tender fall,
 Please darling, oh yea.
 Remember me when you drink the wine of sweet success.
 I gave you my best.
 Remember me with every song you sing,
 Remember me as a good thing,
 Remember me as a sunny day, oh darling,
 Remember me as a good thing.

The potholes of life
 seem so very deep
 This hill we were left to climb
 seem so terribly steep
 I never listened when they
 told us it would be hard
 We were told to catch opportunities
 but I was caught off guard.

It's time to pick myself up
 to start once more to begin
 Because life's just a game
 and I'm going to win.

Open a new window, open a new door
 Travel a new highway that's never been tried before,
 before you find you're a dull fellow,
 punching the same clock
 Walking the same tightrope as everyone on the block.
 The fellow you ought to be is three dimensional
 Soaking up life, down to your toes.
 Whenever they say you're slightly unconventional,
 just put your thumb up to your nose.
 And show them how to dance to a new rhythm, whistle a new song,
 toast with a new vintage.
 The fizz doesn't fizz too long, too long.
 There's only one way to make the bubbles stay.
 Simply travel a new highway, dance to a new rhythm
 Open a new window every day.
 If you follow your Auntie Mame
 I'll make this vow my little love, that on the last day of your life,
 You'll be smiling the same young smile
 you're smiling now my little love
 If you wake up every morning, and you pull aside the shutter,
 and ya promise me that these will be the first words that you utter.
 Open a new window, open a new door,
 travel a new highway that's never been tried before,
 Before you find you're a dull fellow,
 punching the same clock,
 Walking the same tightrope as everyone on the block.
 The fellow you ought to be is three dimensional
 Soaking up life, down to your toes.
 Whenever they say you're slightly unconventional,

 And show them how to dance to a new rhythm, whistle a new song,

h ya got to have friends the feelings oh so strong.
 Ya got to have friends to make the day last long.
 Had some friends but they're gone something came and took them away.
 And from the dusk to the dawn here's where I will stay.
 Standing at the end of the road boy,
 waiting for my new friends to come.
 I don't care if I'm hungry or cold, freezing, I got to get me some.
 Cause you got to have friends, friends.
 I had some friends, oh but they're all gone, gone something took them away.
 And from the dusk to the dawn here is where I'm gonna stay.
 Oh standing at the end of a real long road jack
 and I'm waiting for those new friends to come.
 I don't care if I'm hungry or freezing, freezing cold
 I've got to get me some.
 Cause you've got to have friends.
 I'm telling you, I'm speaking cause I know.
 It's going too fast, we're all going too fast.
 I'm trying to tell you to slow down,
 they're hard to come by.
 Those friends are hard to come by.
 We're going too fast and the whole thing's going to disintegrate.
 So slow down, find yourself a friend.
 Oh friends, friends.

As my life goes on I believe
 somehow something's
 changed,
 Something deep inside apart of me.
 There's a strange new light in my eyes.
 Things I've never known, changing my
 life,
 Changing me. I've been searchin' so
 long to find an answer.
 Now I know my life has meaning. Oo.
 Now I see myself as I am feeling very
 free.
 Life is ev'rything it's meant to be.
 When my days have come to an end, I
 will understand
 What I left behind. Part of me.
 I've been searchin' so long to find an
 answer.
 Now I know my life has meaning, wow
 oh.
 Searchin' for an answer, to the
 question, oh yea,
 "Who am I?" Maybe it's true, it's only
 nat'ral,
 Good things in life take a long time.

L A.'s fine the sun shines most of the time
 and the feeling is lay back.
 Palm trees grow and rents are low
 but you know I keep thinking about
 making my way back.
 Well I'm New York City born and raised
 but now-a-days I'm caught between two shores.
 L.A.'s fine but it ain't home
 New York's home but it ain't mine no more.
 "I am," I said to no one there and no one heard at all
 not even the chair.
 "I am," I cried, "I am" said I and I am lost and I can't
 even say why.
 Leaving me lonely still.
 Did you ever read about a frog that dreamed of being a
 king
 and then became one?
 Well except for the name and a few other changes, if
 you talk about me the story the same one.
 But I got an emptiness deep inside and I've tried but it
 won't
 let me go.
 And I'm not a man who likes to swear, but I've never
 cared for
 the sound of being alone.
 "I am" I cried, "I am" said I, and I am lost and I can't
 even
 say why. Leaving me lonely still

*D*o you know where you're going to?
Do you like the things that life is showing you?
Where are you going to?

Do you know?

Do you get what you're hoping for?

When you look behind you there's no open door

What are you hoping for?

Do you know once we were standing still in time

Chasing the fantasies that appear in our minds

You know how I loved you, but my spirit was free

Laughing at the questions that you once asked of me.

Do you know where you're going to

Do you like the things that life is showing you?

Where are you going to?

Do you know?

Now looking back at all we had

We let so many dreams just slip through our hands

Why must we wait so long before we see how fair the answers to
those questions can be.

Do you know where you're going to?

Do you know?

Do you get what you're hoping for?

When you look behind you there's no open doors

What are you hoping for?

Do you know?

*A*nd here's to the songs we use to sing,
 And here's to the times we use to
 know,
 It's hard to hold them in our arms
 again
 But hard to let them go.
 Do you hear it babe, do you hear it
 babe,
 It was another time
 It was another place
 Do you remember it babe.

*W*e can never know about the days to come,
 But we think about them anyway.
 And I wonder if I'm really with you now,
 Or just chasing after some finer day.
 Anticipation, Anticipation is making me late,
 Is keeping me waiting.
 And I tell you how easy it feels to be with you;
 How right your arms feel around me.
 But I, I rehearsed those words just late last night
 When I was thinking about how right tonight might be.
 Anticipation, Anticipation is making me late,
 Is keeping me waiting.
 And tomorrow we might not be together,
 I'm no prophet, and I don't know nature's ways.
 So, I'll try and see into your eyes right now,
 And stay right here, 'cause these are the good old days.
 These are the good old days.
 And stay right here, 'cause these are the good old days.
 These are the good old days.
 These are the good old days.
 These are the good old days.

There's a feeling I get when I look
 to the west,
 And my spirit is crying for leaving.
 In my thoughts I have seen rings of
 smoke through the trees,
 And the voices of those who stand
 looking.
 Ooh, it makes me wonder, Ooh it
 really makes me wonder.
 And it's whispered that soon if we all
 call the tune
 then the piper will lead us to reason
 And a new day will dawn for those
 who stand long
 and the forests will echo with laughter.
 ...
 Yes, there are two paths you can go by
 but in the long run
 there's still time to change the road
 you're on.
 And it makes me wonder.

Like the pine trees lining the winding road,
 I've got a name; I've got a name.
 Like the singing bird and the croaking toad,
 I've got a name: I've got a name,
 and I carry it with me like my daddy did,
 but I'm living the dream that he kept hid.
 Moving me down the highway, rollin' me down the highway,
 moving ahead so life won't pass me by.
 Like the north wind whistlin' down the sky,
 I've got a song; I've got a song.
 Like the whip-poor-will and the babys cry,
 I've got a song; I've got a song,
 and I carry it with me and I sing it loud;
 if it gets me nowhere, I'll go there proud.
 Moving me down the highway, rollin' me down the highway,
 moving ahead so life won't pass me by.
 And I'm gonna go there free.
 Like the fool I am and I'll always be,
 I've got a dream; I've got a dream.
 They can change their minds but they can't change me,
 I've got a dream; I've got a dream.
 Oh, I know I could share it if you'd want me to;
 if you're goin' my way, I'll go with you.
 Moving me down the highway, rollin' me down the highway,
 moving ahead so life won't pass me by.
 Moving me down the highway, rollin' me down the highway,
 moving ahead so life won't pass me by.

Old Days, good times I remember,
 Fun days, filled with simple pleasures,
 Drive in movies,
 Comic books and blue jeans,
 Howdy Doody,
 Baseball cards and birthdays,
 Take me back,
 To a world gone away.
 Memories seem like yesterday.
 Old days, good times I remember,
 Gold days, days I'll always treasure.
 Funny places,
 Summer nights and street cars,
 Take me back,
 To a world gone away.
 Boyhood memories seem like yesterday.
 Old days, on my mind and in my heart
 to stay.
 Old days, darkened dreams of good
 times gone away.
 Old days, days of love and feeling free.
 Old days, days of music still so close
 to me.

And I thank you, Baby
 For kisses and wishes that you
 shared with me
 And things that you did showed me
 how you cared for
 me
 And the way, everyday, when you'd
 say,
 "Oh, I love to see you smile"/ And I
 thank you, Baby
 For thoughts can't be bought/ But
 they ought to be shared with
 someone close
 And I'm close to you/ Please look
 inside my mind and you'll find
 That the kind of a man I need is you/
 And I thank you, Baby
 You're part of me, and that's the
 way you'll always be
 It's not hard to see that you were
 the start of me
 And I thank you, Baby
 For your love and devotion and
 emotion that I felt/ While I loved
 with you
 But we both know that it just won't
 work/ Please don't hurt
 Cause you're the first man I ever really
 loved/ And I thank you, Baby
 Thank you

The Class of '78 has had four enjoyable and worthwhile years, with many activities and class projects. The class has had its share of good times. It has also had its share of good and not so good money making projects. Over the years the class has had many dances, a couple of class picnics, a spaghetti dinner, sold candy, had a car wash, and many other things; including our famous light bulb sale.

The Class is looking forward to the Spring when they will have their Senior Banquet, the Prom, Slave Day, Student-Teacher Day, and finally Graduation!!!

The Senior Class is very closely united in friendship and this is truly expressed in their accomplishments. Great spirit, enthusiasm, and participation from its members has been a great asset to the class. They will leave behind a great sense of togetherness and best wishes to their teachers and the classes to come.

"For the Senior Class"
 It's been a long time
 coming
 We thought we'd never
 make it
 All the struggles
 All the joys
 Someday it may all
 be worth it

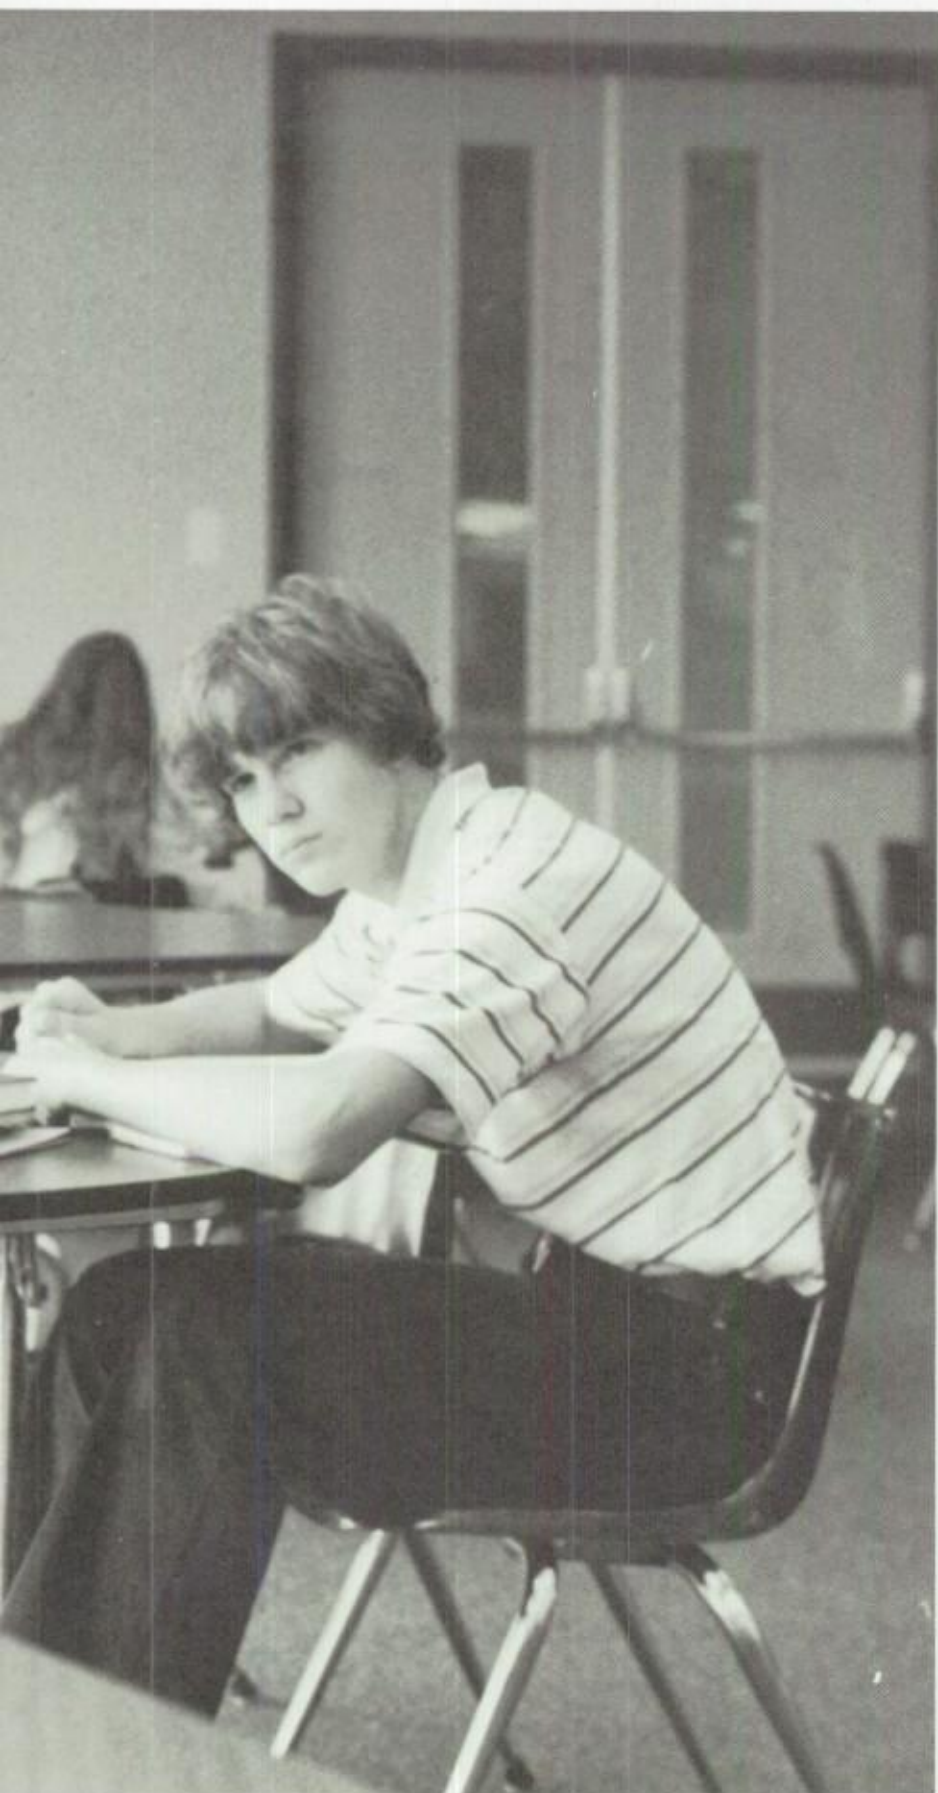

In life to come
 Our lives will be
 molded
 There will be times
 We'll have to understand
 But now we have
 each other
 And for this short time
 let us enjoy
 The power of ourselves.

Soon our doubts will be
answered
And all the people
behind
That we all may have
tangled with
Will be in our eyes
Somehow different

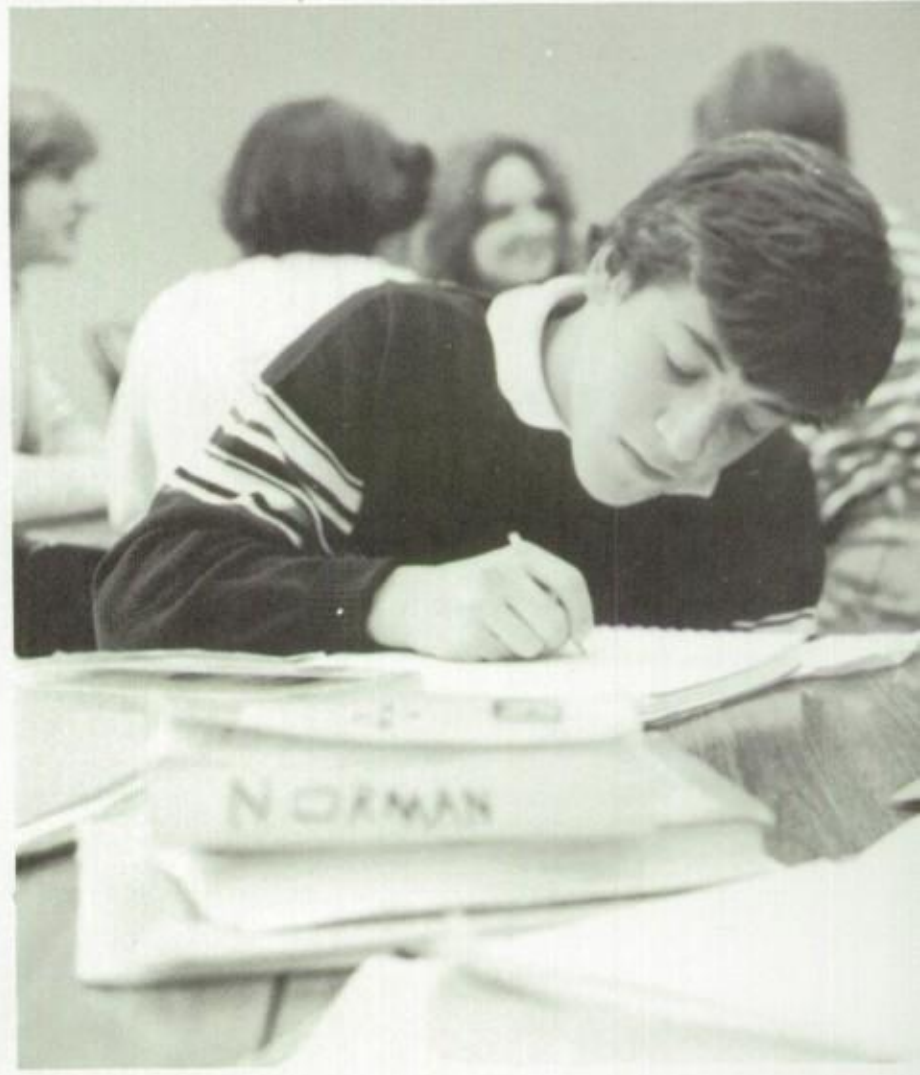

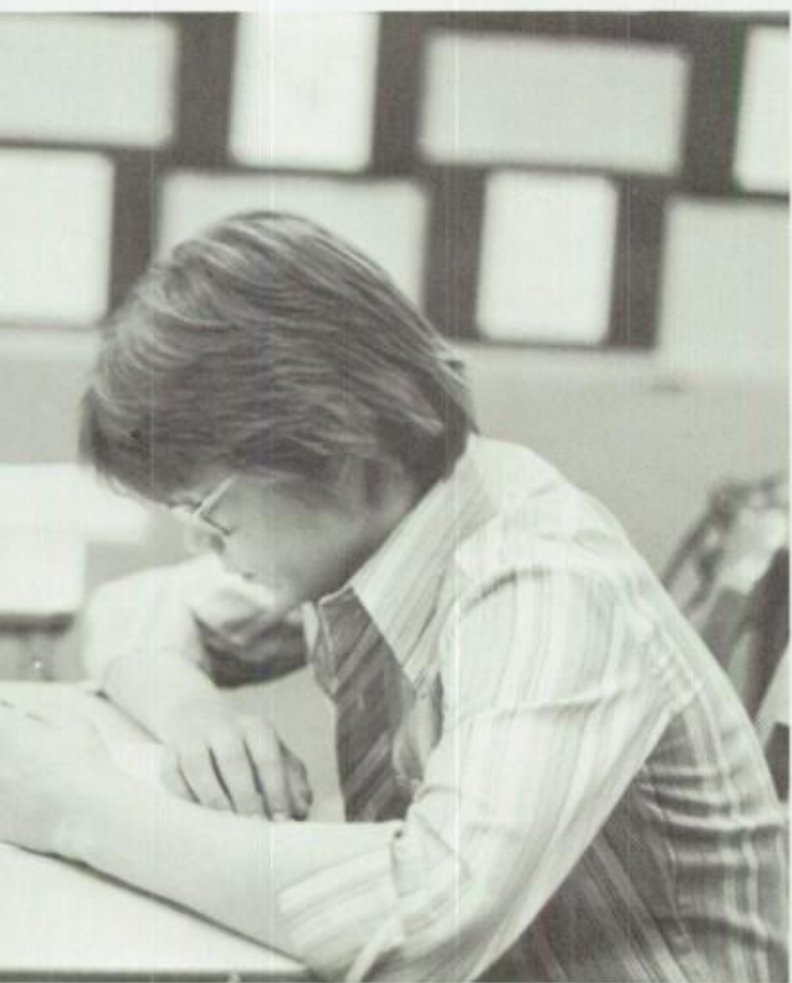

So I wish to you
That you'll soon
realize
We all will cherish
those memories
In minds and hearts

Juniors

The juniors (this means eleventh grader) are the up and coming seniors. They will have one whole summer to catch a good case of senioritis! I can guarantee this quite common disease is very easy to catch. But, they must get passed both history and chemistry. A good suggestion is not to come in contact with the afore mentioned disease and work like a dog.

As a Junior

You're caught somewhere between
The reason and the meaning
The vision and the dream

Now you have one year to go
And start to feel the pain
Some of your excuses
Become harder to explain

After this year is completed
We start to feel the fear
But we're all in this together
That is, getting ready for next year.

When you see those faces
You become aware
There's another class around
It's the Sophomores in the air.

Things start to become harder
You think you're doing all right
Then you get all that homework
And begin to feel uptight

Some things seem so different
Some things seem so strange
With all the new activities
You start to like the change

Well, the score is even now
Two years gone and two years to come
So, why not make the most of it
And have loads and loads of fun!

Sophomores

To be a Sophomore (for the seventh and eighth graders that means tenth grader) is special since they get to pull frogs apart under Mr. Hueys expert direction. It also means you must get poked in the finger for blood samples, but you are too old to cry, aren't you?

When a student gets into ninth grade he is called a "Freshman" and will have a title for the rest of his high school days. Also, there are now class officers that control much of the class social life. Along with this comes a little harder work, this bother cuts recreation time greatly and the students learn to love sleeping in on Saturdays. Well, don't get too excited just because you're in Sr. High you still have three years.

Freshmen

As a Freshman I started
walking down the halls
Sometimes I got picked on
And they told me I was small.

I felt like a baby bird
Who was just leaving the nest
I had four great years to come
I had to conquer the quest.

It's all a new experience
And I have alot to look forward to
Finally being a Freshman
Was really something new.

After the tragic loss of Terry we realized what a part of us he really was, and how much we will miss him. Although young, he already had a head start in the audio visual club and tried his hardest to help whenever possible. With a quick wit and contagious smile he brightened our day, we thank him for helping us to see that all of us can do what we want and enjoy it.

This year for the first time the two junior high classes combined to form one big group and held elections for class officers. The classes, under the leadership of Choo-Choo Foster have entered into the competition for the available money waiting to find its way into class treasuries. With this new system they can now learn the tricks before they enter high school, and that is an advantage that most classes would loved to have had. We wish them luck and are sure that when they move up to ninth grade they will take the world by storm.

Junior High Class Officers

Aah, to be an eighth grader. This means that now THEY have someone to boss around, and its heaven. Don't get your hopes up too high kids, you've got four more years to go until you are the top of the heap. Just the same don't be in too much of a rush to get there, enjoy yourself on the way.

The seventh graders are the babies in the family. They have yet to learn about dances, bakesales, and MONEY. They will learn in time about the round-about route you must take to get a dance passed through Student Council. It takes time to learn the ropes, but we all went through it once so they'll just have to grin and bear it.

Seventh Grade

“ . . . **A**nd who are you ?
 I hardly know sir, just at present
 At least I know who I was this morning but
 I think that I must have been changed several
 times since then”

Maybe I should do my homework
 Maybe I should go out and play.
 Act intelligent? or act like a jerk?
 My whole life's been this way.

Maybe I should say hello
 Maybe I shouldn't.
 Maybe my knees would turn to jello
 Maybe they wouldn't.

Maybe she is a friend
 Maybe she is mean at heart.
 Maybe tomorrow will be the end
 Maybe it'll just be the start.

Maybe I'm too young to try it
 Maybe I'm too old.
 Maybe I'm too shy and quiet
 Maybe I'm too bold.

Maybe each of these is right
 Maybe they're all wrong.
 Maybe I haven't lived enough to see
 the light
 Maybe I've lived too long.

Adieu

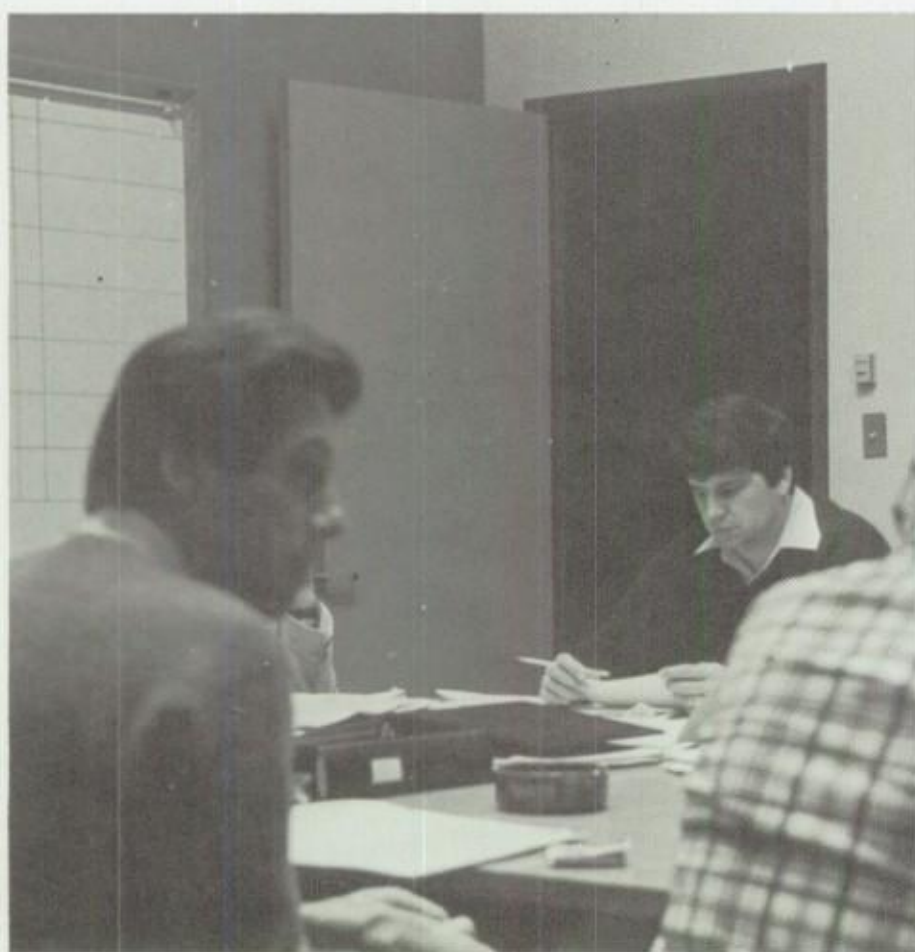

Mr. Perry has long been an institution at G.C.S. He started as a history teacher and moved up through the ranks to become the Guidance counselor. Since then he has guided many college bound seniors into colleges or careers of their choice. We take this time to thank him for his useful information and concern for our future. Many may remember him for the Guidance course, we had in 7th and 8th grade. Ah yes, recall those long hours spent worrying over a mongoose named Ricky Ticky Tavi? Well, it probably helped our development in some way. What is Mr. Perry going to do during his retirement? In his own words, "If I find a golf course with lights, I'll play 24 hours a day!"

Mr. McCarthy, the Supervising Principal has been instrumental in the movement to the new, open school. His most memorable experience was the passage of the bond in order to pay for the building. When the move was finally made he paved the way for many changes needed to adjust to a new way of learning. Thanks to him things went smoothly and the transition was quick. Mr. McCarthy is not retiring but changing to a new job working as a real estate, insurance salesman. Once again thanks Mr. McCarthy for easing us through a hard time.

Board Of Education

The Board of Education is the control center for the various occurrences at G.C.S. They decide on allocation of funds and many other important matters that may arise. The Board is made up of interested parents and local townspeople that are concerned with the quality of education in Geneseo. We feel that they have performed extremely well in insuring the students a good education, for this they receive both our praise and our thanks. It is hoped that they will carry on this fine tradition so future students can have the opportunities that we have had.

The math department works all year to get the students to learn all the unlearnable formulas and equations. They start this task in the seventh grade and carry it on thru the ninth grade when a few students take their leave of the math department. The courageous souls who decide to go on are subject to a new barrage of problems and homework that they'll "Get from some one else." When in the end they think about all the long hours spent to get the homework done over the phone they will probably decide that it was all worth it after all.

English

The English teachers strive to get their students to learn all about iambic pentameter and John Donne but, occasionally all their concentration goes into keeping Jonny awake. On an especially bad day they must keep the back row from running out of class. None the less we should thank them for opening new horizons to us. Oh, yes and for giving us that extra day for the term paper.

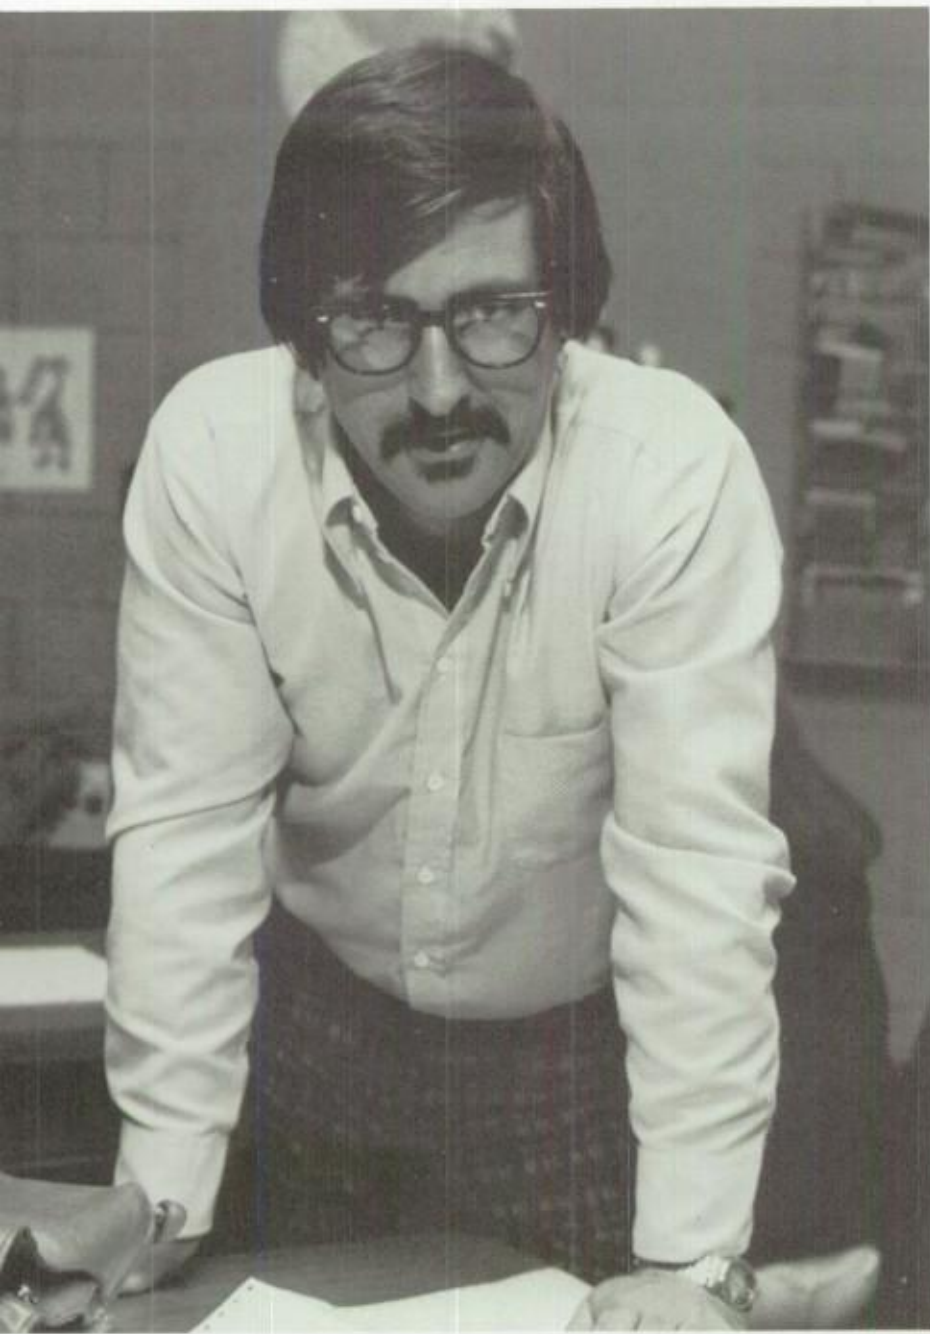

Mr. Raymond McMillian, Senior class advisor, ski club advisor.

Chief gives us what we want, a place to talk, a place to relax from the rush of the schools activities. Chief takes this in stride and everything comes out all right no matter whats wrong.

It is the responsibility of the History department to teach us what happened 1,000 years ago, but they say history repeats itself as it does every year in Mrs. Huey's room. This fact is known by every eighth grader who is lucky enough to have an older brother's notebook. After all, without all those worksheets what would we have done with all that free time? Seriously, they gave us a good look at what happened and why it happened so maybe we can avoid the same thing occurring to us.

In gym we learn two things; one is how to coordinate your body to do many of the moves required to play a sport. The other is that you learn how to perfect your ability to make up excuses when you don't feel that you have the strength to play gym that day.

The janitorial staff works to keep our school clean and running, but some days you could swear that whoever wrote about cops not being around when you need them thought the word Janitor was spelled C-O-P.

Even so, these hard working (if hard to find) souls are a basic necessity to our school life. After all, would you clean the bathrooms ?

Maintenance

Cafeteria Staff

Day in, day out these ladies strive to feed the teaming millions that run to the cafeteria to get FOOD!

They try their hardest to give us good well balanced meals that will hold us until that 2:30 slump when you need a dish of ice cream to satisfy the hunger.

We, the yearbook staff think they have succeeded in this and want to thank them.

Every day these faithful drivers go into the wilderness to gather their load of students to deliver them to school. They carry out this task despite, wild students, paper airplanes, and a few dozen borks. There are many unpleasant things about the busses including ; students packed like sardines, and various projectiles landing in your hair, but the worst is the sight of the bus moving down the street, without you!!

Bus Drivers

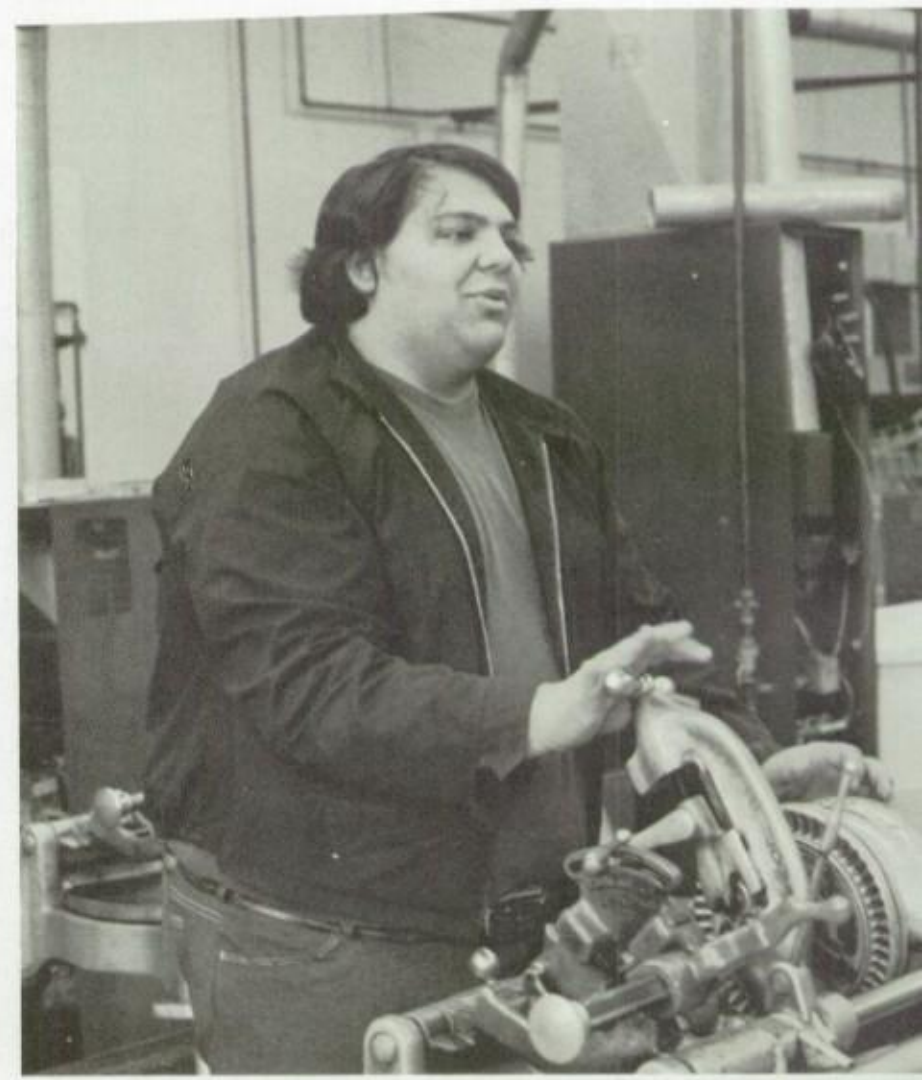

The teaching staff at good old G.C.S. is of very high caliber, as you can see in the shaply doll?? She (?) does not know we caught her sunbathing!! Although they are teachers they do, contrary to common belief) lead near-normal lives. They, like many others have touched us in many ways and we thank them for this.

activities

Well it's three o'clock, no four, boy are our eyes tired. It seems as though we've been couped up together for days, we almost have!

You said you wanted a yearbook, we said O.K. well the thought never occurred to us that it meant we lost our sleep, meals, and our minds ... Call California will you? I need permission to use a Neil Diamond song ... got the key ... "Will the Person who stole the typewriter from Mr. McMillian's room" ... "Uh Mr. Parks, well you see we meant to uh" ... we wish you a Merry Christmas ...

Lisa, where's the camera? ... Eeeeeek ... where's breakfast this morning? ... Would you please ... by tomorrow? ... I've got the Volvo ... Well you see Mr. Nitsche, we have this deadline and ...

Seamus stop kissing people with that angel ... Schoderoonie, oonie, oonie, oo! ... Yes honey ... what's Tony's number? ... What does Pro have this period? ... Let's get a pizza, no, YES ... who got their hand stuck in that thing??? ... Time for an executive meeting in the stalls ... Have you seen ... he's on his way to Fredonia! ... Yes, yes, yes, ... let's put it in the microwave! ... Lisa has that sweater on, pack the weekend box ... who will pay for the parking ticket ... you think you're tired, I didn't sleep all night, literally!!! ... You can hear it when they throw up!!!

... "Oh you got to have friends" ... our eighth graders ... I'd hate to pay for the phone bill ... we might get in trouble, oh who cares! ... Hawaii here we come ... we need a phone in here ... I tore that picture up. ... The latest scoop is that ... and right in front of her!! ... Ooooooooooh ... I want lemon with my tea ... Now you turn the fork upside down ... Let's get French Onion soup at the Twig ... let's, let's ... Oh just make it up ... no, no, no, ... all we need is three cents to open a savings account. ... Oh it's all done Mr. Dick, don't worry about it ... give Stan a call we need film. ... I love you ... throw her down the stairs ... I've got to get a green coat! ... I missed you so much, it's been three hours since ... one out of every two ... Mr. Ellis, he's been too good to us to get him fired ... my foot's falling asleep, I think I will too ... come on we're almost done. ... I need some Coke ... THEY'RE HERE!!! ... at last.

Thank you very, very much Mom and Dad, Jeff, Jim, and Jeanette! We would also like to thank our eighth grade staff: N. Kingston, K.

Henry, G. Marks, K. Hamilton, A. Chen, and E. Reber; Cover design by Nancy Hollenbeck; Our artists: Sara Gillen, Mitje Raschi,

Kim Krapf, Jane Schoder, Joey Miceli, and Bruce Teall; Our writers: Sally McKeown, Allyson Hicks, and Diane DeMott; Mr.

Marotta for pictures; Our typists: Sam Warner, Lee Marks, and Mary Perkins; Our teachers who let us out of our classes, and Mr.

Ellis who gave us countless passes (without batting an eye) in and out of those classes; Schode's Calculus class; J. Michael Jones, Attorney at Law; and Bette Midler, the Divine Miss M, for getting us "In the Mood."

There are many others whose names are not listed here but we are grateful to them just the same. Thank you all.

Student Council

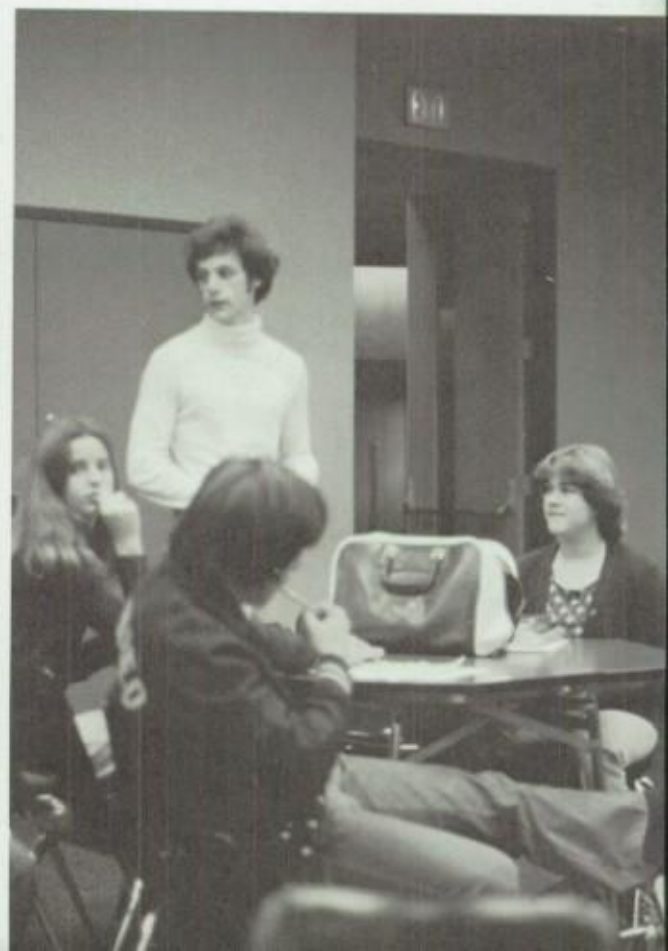

The Student Council has taken a more liberal path this year than in the past. With the help of an enthusiastic student body we have been able to incite their feelings toward a greater spirit and pride in our school.

To start off a terrific year for the Council, we had the largest turn in ever in the magazine drive. Over \$11,000.00 in newspapers and magazines were sold shattering the previous set goals.

The student council helped create three new school organizations this year. Among these are the new Travel Club and the revival of the Chess and Backgammon Club. The biggest start was the organization of the junior high class like the upper classes.

The five officers and two advisors on student council worked hard together to make this year's council something noticeable. They have worked a great deal outside the regular meetings trying to reach their goals and make their promise a reality. Together they have discussed many activities for the enjoyment of the students as well as the community. The Parliamentarian, Mark Nahabedian, along with the other officers hopes to revive parts of our Constitution and improve our Student Council to facilitate it's future officers.

The Student Council has certainly done a lot to bring our school and community together this year. The Council hopes to make this the start of a new spirit for G.C.S., one of pride and harmony.

WEST SIDE STORY

Last year, under the expert guidance of Dr. Benjamin, the Drama Club put on the musical "West Side Story". This went over tremendously and the whole community was alive with comments as to how good it was. The show was fun to do, although we had to spend long hours in rehearsal, was well worth it. That was last year - this year . . . Broadway here we come!!

We started off our trip to Broadway with the play "Our Hearts Were Young and Gay" which we all had great fun doing. With this play we got ahold of a lot of new talent from the Jr. high and gave them a taste of cold cream and the smell of three tons of makeup, put them under the "sun lamps" out in front of the crowd, and they got their first experience with real nerves! After a while they got used to it and came to like it, so they are the up and coming stars of G.C.S. and you will see them in years ahead.

During the semester we followed the Dow Jones Industrial average as it tested the 800 level four times before it finally dove below the 800 level when President Carter was on his whirlwind trip. Logically we also followed our own stocks which were: National Semiconductor, Allegheny Ludlum, Rochester Telephone, Coca Cola Bottling of New York, and Chesebrough Ponds. Each member of the club "donated" two dollars towards this purchase of the stocks. The stocks will be sold June 1, 1978. Keep your fingers crossed and hope that the stocks are on the plus side that day!

The 1978 National Honor Society has been a hard working group. In the fall our "Rent-A-Worker" program got into full swing. It seemed that the trees had an endless supply of leaves and that the rows of grapes were also endless. After our blisters started to disappear we had a dance featuring "Freeway" which turned out to be quite successful.

When Christmas rolled along, we really got into the spirit of giving. We donated a Christmas dinner complete with all the trimmings to a needy family. Our treasury also got a boost by our Christmas bake sale. We took orders from the teachers and for a few days before Christmas vacation, turned ourselves into a cookie factory.

One of the highlights of the year was our hard earned trip to Toronto. We were in complete agreement that the trip was well worth all the work.

Our Sunday night meetings will always be remembered. The ping-pong contests, people who swallowed a fly or two, and of course the refreshments were some of the highlights. The members of the 1978 N.H.S. would like to say THANK YOU VERY MUCH!!! to our advisor and friend, Mr. "J.J" Fenton, with out who N.H.S. wouldn't be possible. Also a special thanks to Mr. Nitsche and Mrs. Head for all their help. Honestly now, if it wasn't for N.H.S. what would have we done on all those Sunday nights?

The members of the Backgammon and Chess Club, though few in number, are of great moral character.

We wholeheartedly subscribe to the principles laid down in the preamble of our constitution: As it is in the interest of the educational processes to foster and improve the mental thought processes of it's participants through creative and educational games of great mental skill, we do ordain and establish this constitution for the all new and improved, rivised and expanded, coeducational Backgammon and Chess Club." We are a diversified group having students from all walks of life. And we have launched one of the greatest recruitant drives of all times.

The purpose of the travel club is to enable the foreign language students to visit the country whose language they are trying to master. A good deal of language is involved with the culture, and there is only one way to learn culture, that is to experience it. In this way the travel club helps the students with the language. Under the guidance of Mrs. Biehn the Spanish students will visit Spain, seeing both large cities and small towns. Mrs. Marotta will direct the French students on a tour centered around Paris but including side trips to outlying towns. This trip will long be remembered for both the fun and the memories that are experienced during an event such as this.

Ski Club

The ski club is one of the biggest organizations in our school. Every Thursday, starting in the beginning of January, the ski club goes to Swain for eight consecutive weeks. During these eight weeks the ski club members are given lessons for all ability groups from beginners to experts. This year we've had more than enough snow so every trip to Swain has been a good one. Keep thinking snow!!!

At Your Service!!!!

The audio-visual club is a service organization open to all students. Members are trained to handle minor repairs and maintenance work on audio-visual equipment. They are available for on-the-spot repairs and deliveries. The tape video equipment is run by the A.V. club, and the members are trained to do camera work for class or group projects.

Every Fall and Spring, the members of the Senior Band try to find a uniform that fits right and march. In the Fall we hit the football field and do formations in the mud. When spring comes, it is off to Firemen's parades and carnivals.

Between the two seasons, a Christmas concert and Spring concert are put on. A lot of time is spent thinking of excuses to get out of marching.

Band

The junior band allows students with a desire to play a musical instrument an opportunity to follow many of the paths available to today's musician. Mr. Falconio (falcon) lends his talent to all who want to try their luck with that line of expression. Occasionally it would seem that it would be necessary to wear earmuffs but not once has he been spotted in them. To those following a career in music or just as a hobby, it is a valuable resource to have in a school.

The Senior High Chorus, under the direction of Mr. Russ Whalley, gave us another music filled year. They started off the season with a highly successful Christmas Concert and spent the winter months rehearsing new material for their Spring performance. In addition to school concerts, the chorus travelled to Alfred to participate in a choral festival. Next Year's chorus will miss all this year's talented senior members, but there is a great group of junior chorus members waiting to lend their voices next fall to make our chorus bigger and better than ever.

Back row: A. Twidale, J. Kelly, A. Lehman, T. Jumpa, J. Kephart, D. DeMott, C. Johnson, J. Roodenburg, L. Merrick, A. Parmley, S. Warner, L. Barrett. Row two: B. McCauley, N. Chiara, L. Bondi, L. Marks, W. DeMott, J. Bickel, K. Muscarella, M. Clayton, M. Beale, S. Gillen. Row one: Mr. Whalley, J. Brunner, C. Lehman, J. Lewis

The junior chorus ranks second behind ski club as the organization with the most members since they are 90 voices strong. Under Mr. Whalley's direction this group has performed regularly at the school concerts and delighted many with their songs. The size alone of this assemblage indicates their zeal and G.C.S. is assured a strong chorus for years to come.

The main goal of the Foreign Language Club this year has been to promote an interest in foreign languages in the elementary school by involving the students in the activities such as skits, parties, and contests. Members of the club are also involved in tutoring and performing at St. Bonaventure University on their annual Language Day Fair.

St. Bonaventure Trip

For those French and Spanish students who went to St. Bonaventure last year, the day was exciting, hectic, exhausting but a most memorable occasion. As it is every year, there was a rehearsal the night before which lasted into the wee hours of the night. We all went home wondering if every thing would fall together right. Once the bus arrived at St. Bonnies, our fears were soon forgotten and we looked forward to the day's activities. When our first Spanish play, El Principito, was getting ready to go on, people from all over were asking when Geneseo's play was because over the years our plays have always come in first. Everybody knew that whatever it was it would be good, and it was. El Principito brought home another first place ribbon for G.C.S. It wasn't the only prize winner — Les Ricaines, A Louer Meubl , Las M sicas, Cyrano de Bergerac, Dominique, and readers Bruce Rodgers, Heather Twidale, Jeannie Spurlock, and Steve Kaldor all added a ribbon to Geneseo's collection. It didn't matter if you won a prize or not because the day was so special in it's self. Watch out St. Bonnies, Geneseo will be back in '78!!!

The booster club is responsible for the sports area including some equipment, and a lot of spirit. They run the very succesful bookstore which gives them money for the needed articles. They are easy to spot at the games. Just look where most of the screaming is coming from, and that, is in all probability, the booster club members. They have brought about a lot of necessary changes and we thank them.

Thanksgiving

This year for the second time we have been treated to a Thanksgiving dinner that was given us by the cafeteria staff. All who ate said it was delicious, the long waiting line was proof enough that it was good. Led by Mrs. Cleveland, the women fixed all the trimmings usually found at the family gathering, but this was no family affair there were 700 ravenous students rioting to get through the doors. Mr. Parks had to call out the national guard to settle the mob. Soon things were running on an even keel and we all got food. There were 37 casualties and three deaths, but worth it all. Thank you Mrs. Cleveland for the extra special meal that stood out from all your other meals because it was so BIG that we were all full for the rest of the day and did not want food at 4:00 in the afternoon. Just one tip for next year, if the meal is going to be that good again, call out the guard BEFORE lunch.

Homecoming 1977

Thanks to all the time and hard work put into the Homecoming by Jenny Lewis, Alan Hollenbeck, Nancy Satryb and Barb Crissman, our first Homecoming was a success.

This busy week of Oct. 10 included J.V. and varsity soccer games, both football games, preparation for hall decorating, a pep assembly, a dance, and of course the crowning. The Junior Class won first place of \$100 dollars for their decorating of the wall outside of the swimming pool. The wall was covered with cut out figures of all the football, players, soccer players and the cheerleaders. They also had two hung dummie's representing G.C.S's killing of the opposition.

Thank's to Seamus Houston the Seniors won \$100 dollars for being the most spirited class at the pep assembly and at the sports events. The Seniors bedecked the gym with blue and white balloons and newspaper hats.

Saturday was a whirlwind of activity, with the Varsity Football game against Dansville (which was the first football game of the season without rain.). During the halftime, the Sr. Band played, the cheerleaders did a pom-pom routine and, finally the Homecoming queen and court were announced. Stacey Rebban was crowned queen with Lisa Scoville as princess. Members of the court were Jenny Lewis and Paula Moses.

The week was topped off by a dance sponsored by Yearbook which featured the band "Fat City". The yearbook staff would like to thank all of our chaperones and Mr. Staley for making the dance possible.

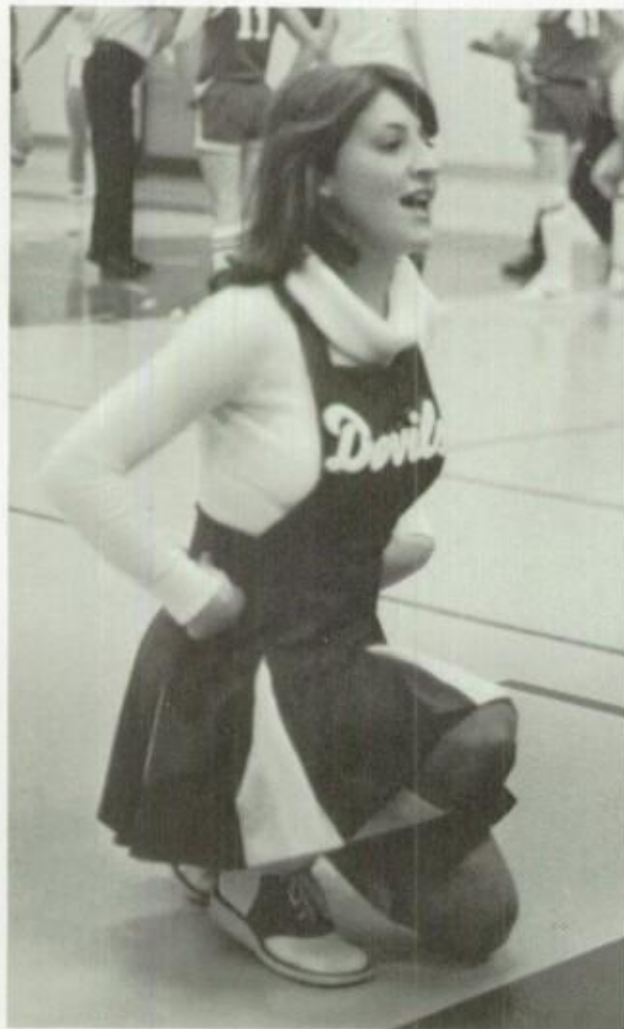

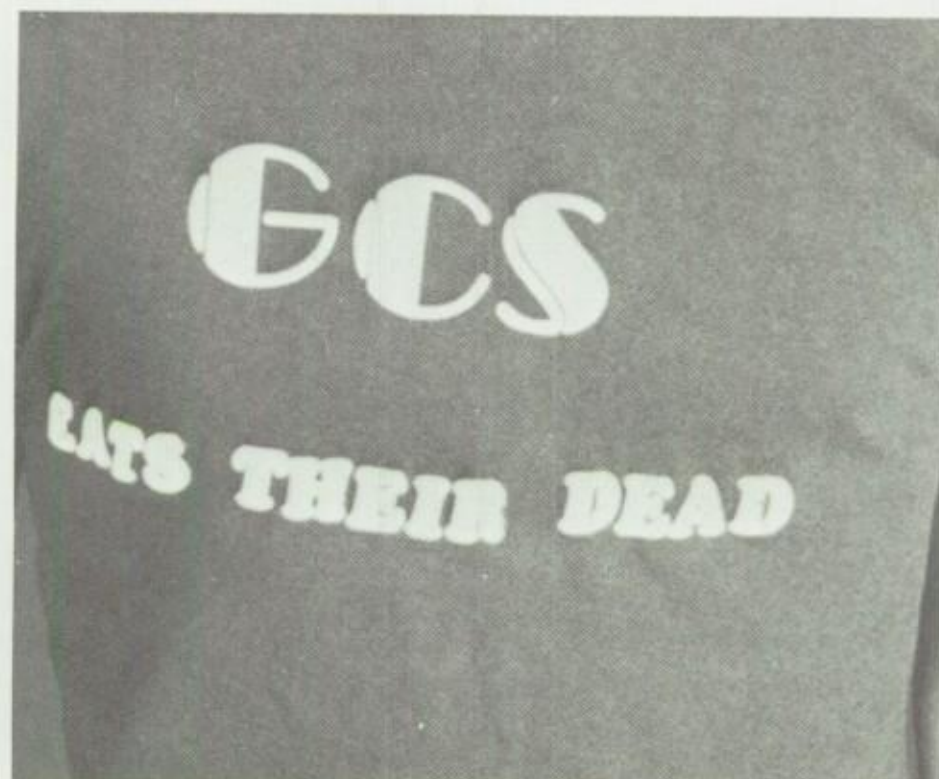

It would be silly to think that we would want to leave the school and go home to rest, so we have our activities to keep us busy so we don't sit wasting time. Many times it is hard to cram all the things we want to do into just two eighth periods. During that short time span much of the school social life goes on. What goes on is almost too complex to get into. A typical eighth period starts with a quick trip to student council, run to a yearbook meeting, dash to booster club, up to drama club, swing by chess club then out to the bus. With all this you wonder why any one needs to exercise. Without our activities we all would "sit home and waste time" and that is no fun, so . . . off to a meeting.

“GCS Eats Their DEAD”

The 1977-78 Blue Devils finished their season with a record of 4 wins and 4 losses. It was a fine year with the Devils tying for the division Two Championship with a record of 4-1 in the league.

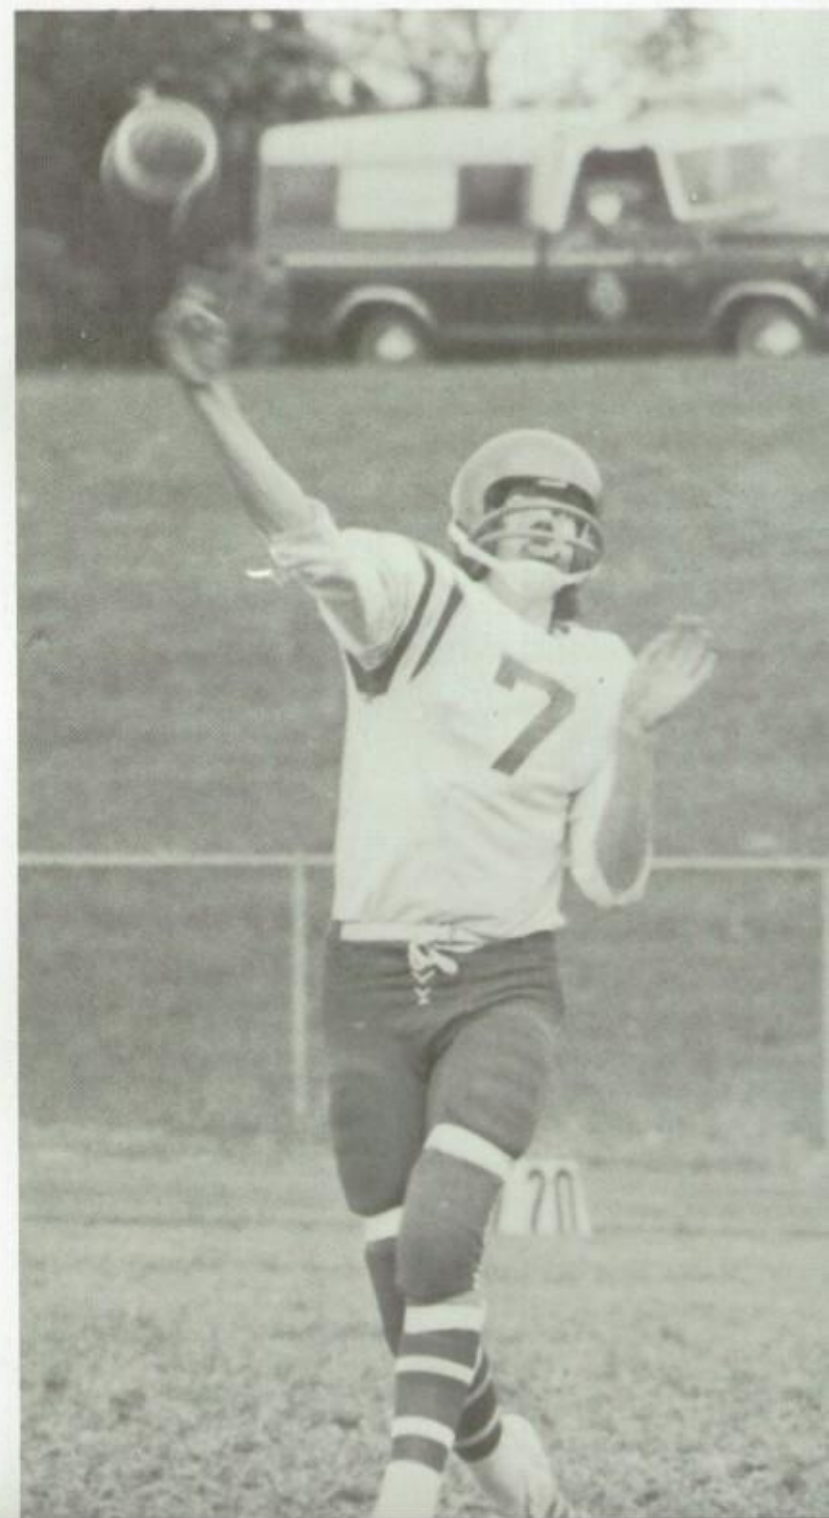

Ron Baszto (sr.) tied the school record for interception with four tricky interceptions this season. Co-captain Larry Settles set two new school records. He rushed for 262 yards in one game against Letchworth and for a new season rushing record of 1,160 total yards.

The team is very thankful for the hard work and understanding that the coaches put into this team. There were some fine individual efforts put in by many athletes this year. Named to the all conference team were; Junior Dave Livingston, Chris Sica and Scott Weager. Seniors were: Bruce Mahood, George Walters, Steve Peri and Larry Settles. The Blue Devils look promising as they have many fine athletes returning. **GOOD LUCK DEVILS!!!**

J.V. Soccer “Watch Out Next Year!”

The J.V. Soccer Team was very young and inexperienced this year. Very few of them had ever played an organized game before. However, they were psyched and ready to go as soon as soccer tryouts rolled along. Throughout the season the team's skill improved immensely. By the end of the season they had reached their peak and played an excellent game against Keshequa. Their record was 5-6. Congratulations J.V. and good luck next year!

Varsity Soccer - League Champs!

The 1977 Varsity Soccer Team won the Livingston Conference Championship again this year. Their league record was 9-1-1. They went on to sectionals winning the first two games and losing in the semi-finals. Their overall record, one to be proud of, was 12-2-1. The soccer team was very dominate in many of their games. The team gave Mrs. Watson a special gift by playing an outstanding game against Livonia on her birthday. The girls learned alot about team work and showed a great deal of it on the field. The 1977 team's great skill, spirit and determination will never be forgotten. This year's Most Improved Players were forwards Allyson Hicks and Jenny Lewis and halfback Joyce Johnson. The Most Valuable Players were co-captains forward Jeanette Schoder, goalie Susie Scott, and halfback Wendy Todd. The 1977 Varsity Soccer Team would like to express their deepest gratitude to their fantastic coach Mrs. Watson. Give me a long soccer, SOCCER!!!

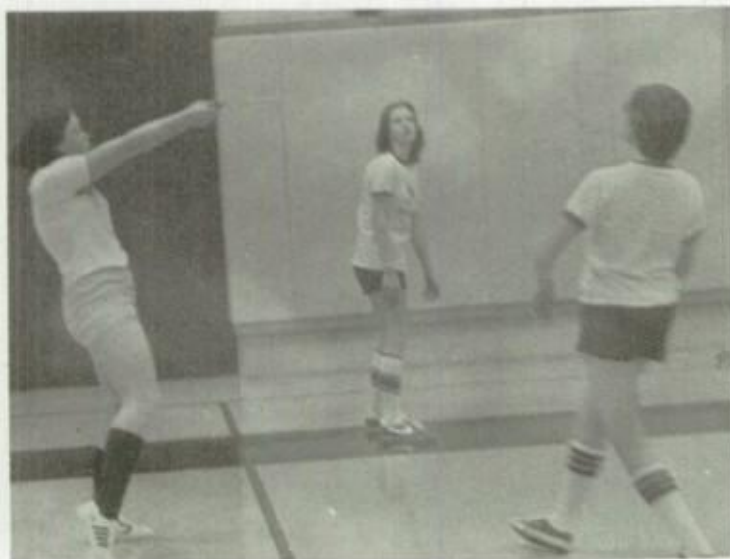

Gaining Experience

When you're on the J.V. I team you have two things on your mind: having a winning season and getting ready for Varsity in a few years. The girls this year had a fantastic season, and many of them will make fine Varsity players. Congratulations J.V.I for a fine season.

The J.V.II team learned what it takes to develop a fine tuned skill. They might not have won every game but thru determination and dedication they enjoyed the thrilling feeling of victory. You can be sure that the girls on this J.V. II team will contribute much effort next year on the J.V.I team.

Varsity Volleyball: Back Row: T. Bondi, S. Scott, L. Bondi, J. Adams, M. Shipman, W. Todd, P. Simms, Coach Watson, Front Row: J. Lewis, A. Hicks, S. Warner, mgr; P. Templeton, S. Benedict.

The story behind the Volleyball team's success was just like that of David and Goliath. Geneseo took the role of David and Caledonia was Goliath. After Geneseo had lost twice to Caledonia during league play they had revenge on their minds. They earned their way into Sectionals and were determined to show that they were unbeatable. They did a good job and ended up playing Caledonia in the Semi-finals. They kept their cool and defeated Caledonia. But they weren't rid of Goliath that easy. That's right they had to play Caledonia in the finals. This is when David really pulled thru. Geneseo won the Championship and regained the Sectional title. Jenny Lewis and Melissa Shipman were named to the All-Star team and Wendy Todd was named Most Valuable Player for the tournament.

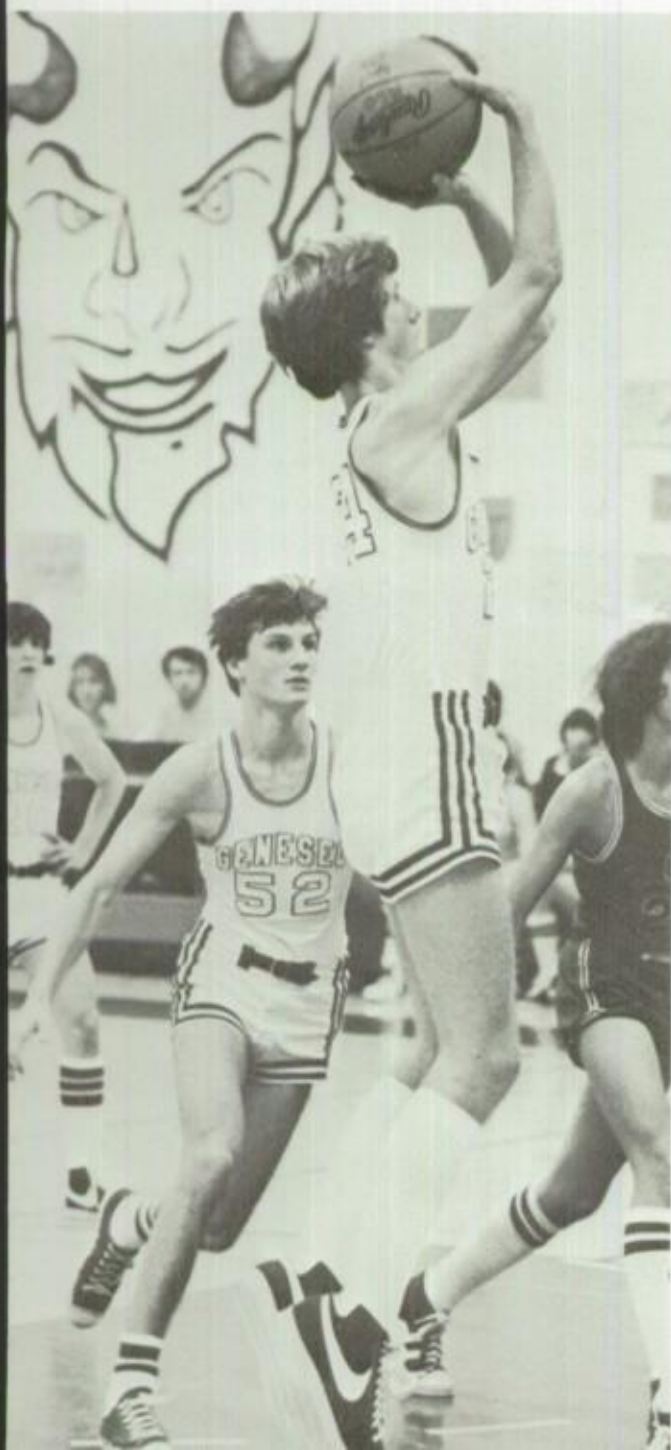

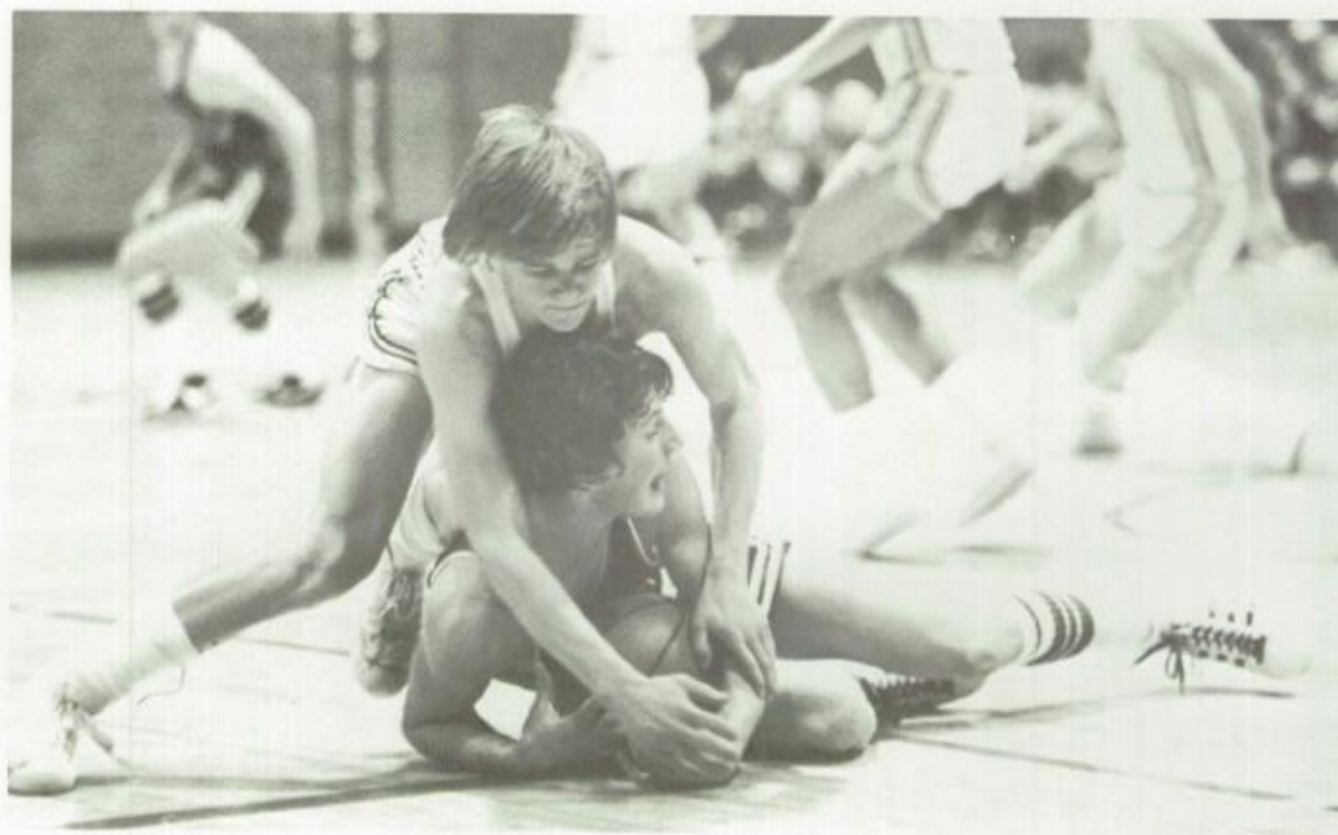

J.V. Basketball

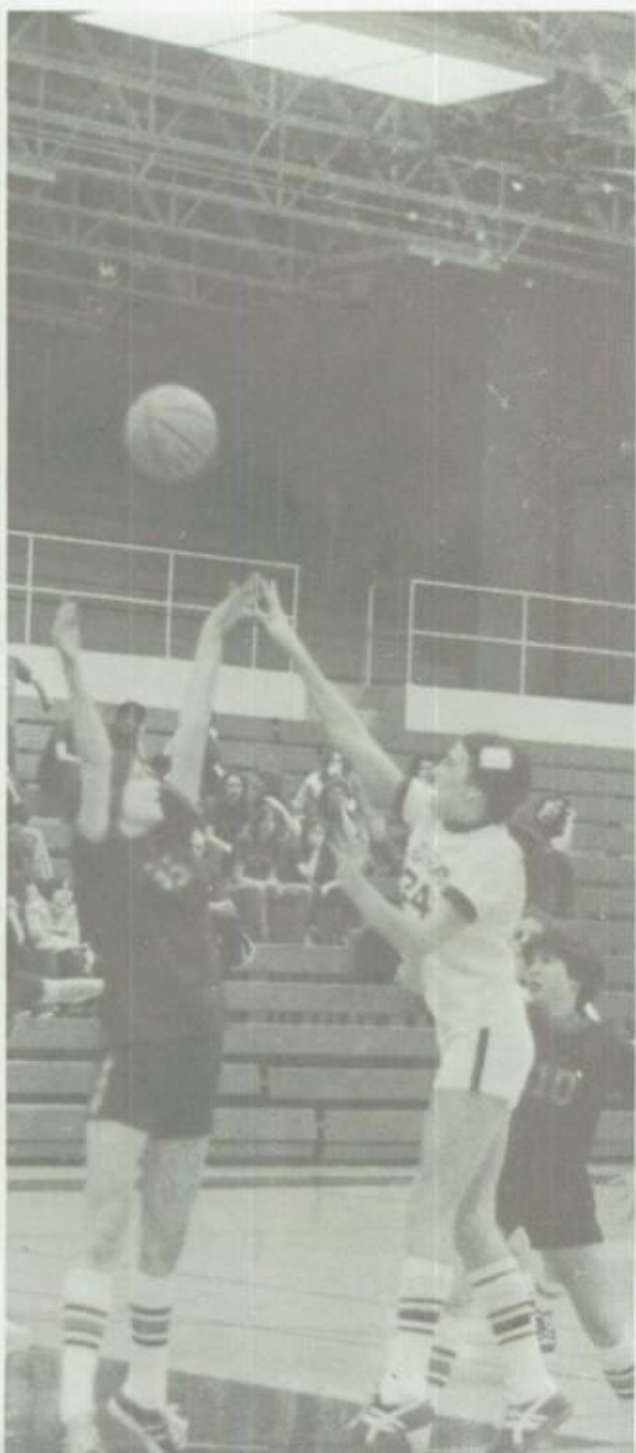

The J.V.'s record was 12-6 winning their last game by only one point. The team started out the season good but had a losing streak in the middle of the season. But with a lot of spirit, pride, and sportsmanship the team made a comeback and won the rest of their games.

This wouldn't have been accomplished without the expert coaching of Mr. Ed Orman.

Short People???

The Junior Varsity Team has something that has long been waited for here at Geneseo; height. When you have 4 players who are over 5'6" and two of them in eighth grade you have a lot to be thankful for and a lot to look forward to. But height isn't everything, and the J.V. team has many of the other skills needed to be outstanding. When you look at the guards, who only stand 5'3" and 5'4", you begin to wonder. But when they start running and shooting you really change your mind.

Over all, this J.V. team will really contribute to the two teams next year, as well as finish up a good season this year. Way to be J.V.

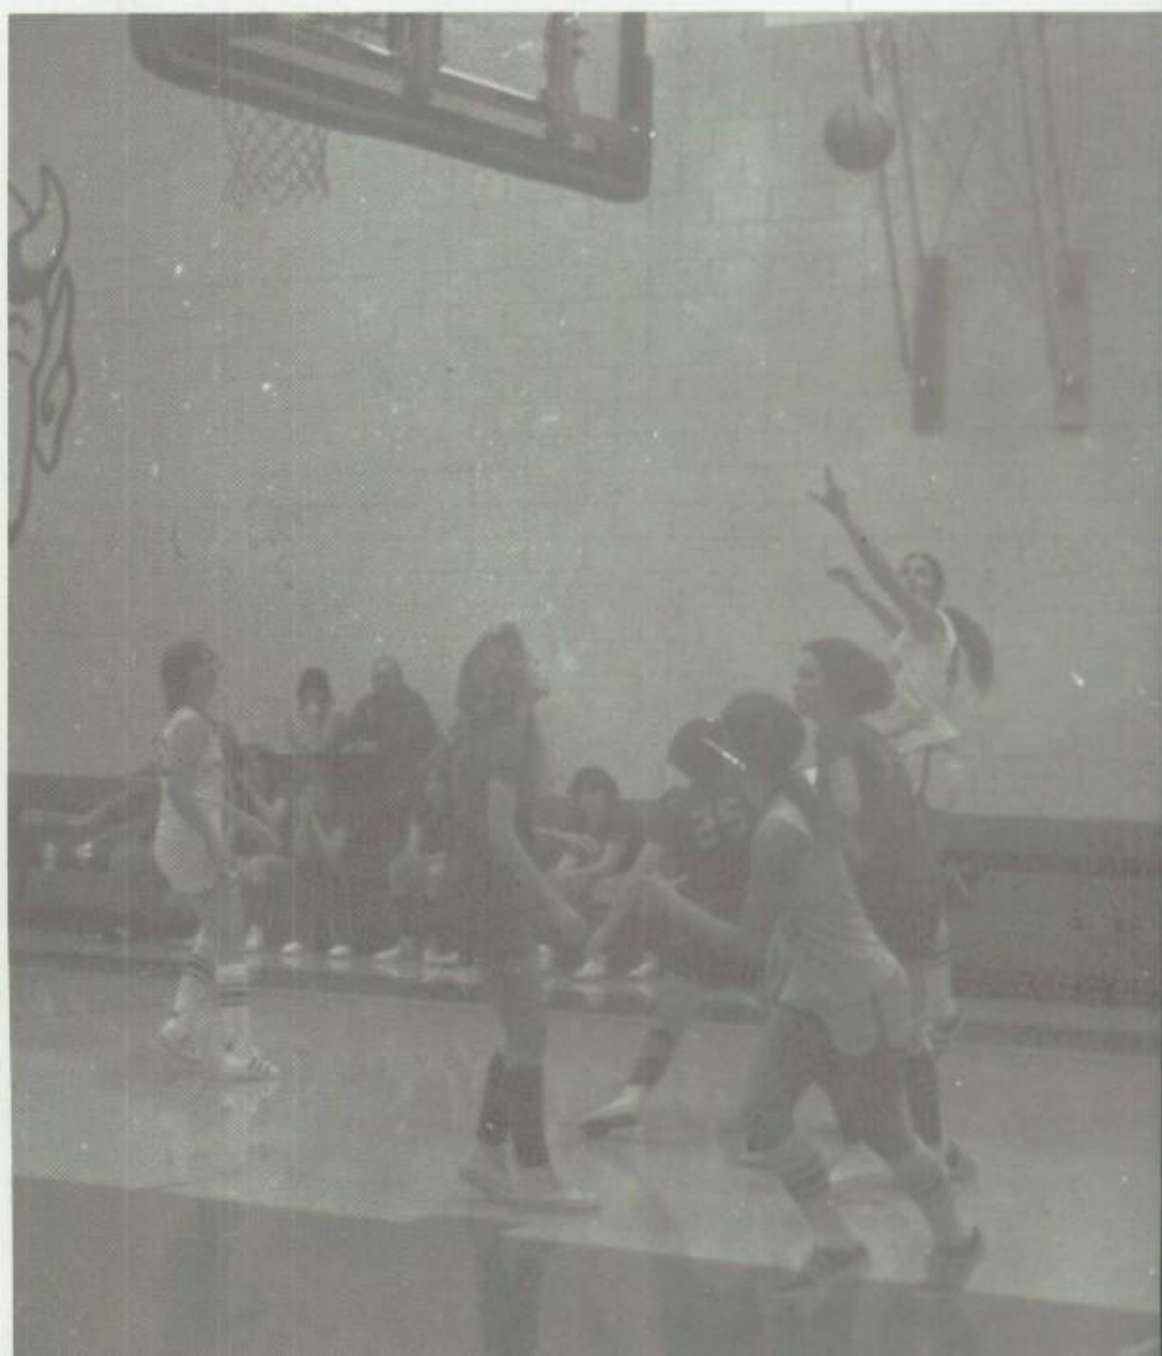

Back row; A. Parmely, C. Weaver, B. Johnson, Coach Watson. Row 2; H. Sawday, C. Eaton, J. Schoder. Row 1: V. Sackett, C. Adams, L. Noonan.

The two words "Staying alive" took on real meaning this year for the girls Varsity Basketball team. It's just what they are doing in the fight for the Conference Championship. This year, the team has found victory where last year they found defeat. They hope to keep that up until Sectionals are over. They also kept on giving their all until the final buzzer has sounded. With help from Coach Watson and great determination on the court the outcome of the season will be very outstanding. Best of luck Blue Devils with the rest of your season.

This year, our Varsity's team potential outweighed their record. Currently, with a record of 10-6, they hold second place in the league seated behind Perry.

Never before has our varsity possessed more depth in talent, this enabled Coach Ralph Roach to play more team members and has helped the juniors to prepare for next years season. Players seeing the most action this year were Seniors Ron Baszto, Don Johnston and Larry Settles in the backcourt, underneath the boards were Bruce Mahood, Doug Linton and Juniors Brian O'Neil, Jon Sweet and John Bennett.

The swim team proved to be one of the outstanding sports teams of the year for Geneseo. Finishing the season with an overall record of 13 wins and 3 losses, the team was ranked second in its league and second in the county championships. The team showed off a lot of good talent which only got better as the season progressed, thanks to Coach Robinson's strong encouragement. With only two seniors leaving the team, captains Alan Hollenbeck and Scott Hinckley, next year looks to be just as good or better than this year's team.

The golf team had a disappointing season in 1977 by losing some close matches. However, it was a rebuilding year with five of the six starters earning their varsity letter for the first time. This coming season will be a good one as they did not lose one person from the last years team.

New Horizons

The 1977 Softball team was made up of only two seniors and rest underclassmen. When tryouts were over no one knew where they were playing. But that wasn't because the team didn't have the skill, it was because most of the girls could play many positions. At one time in the season the outfield moved into the infield and the infield moved out into the outfield. Either way the girls found the winning ticket many times.

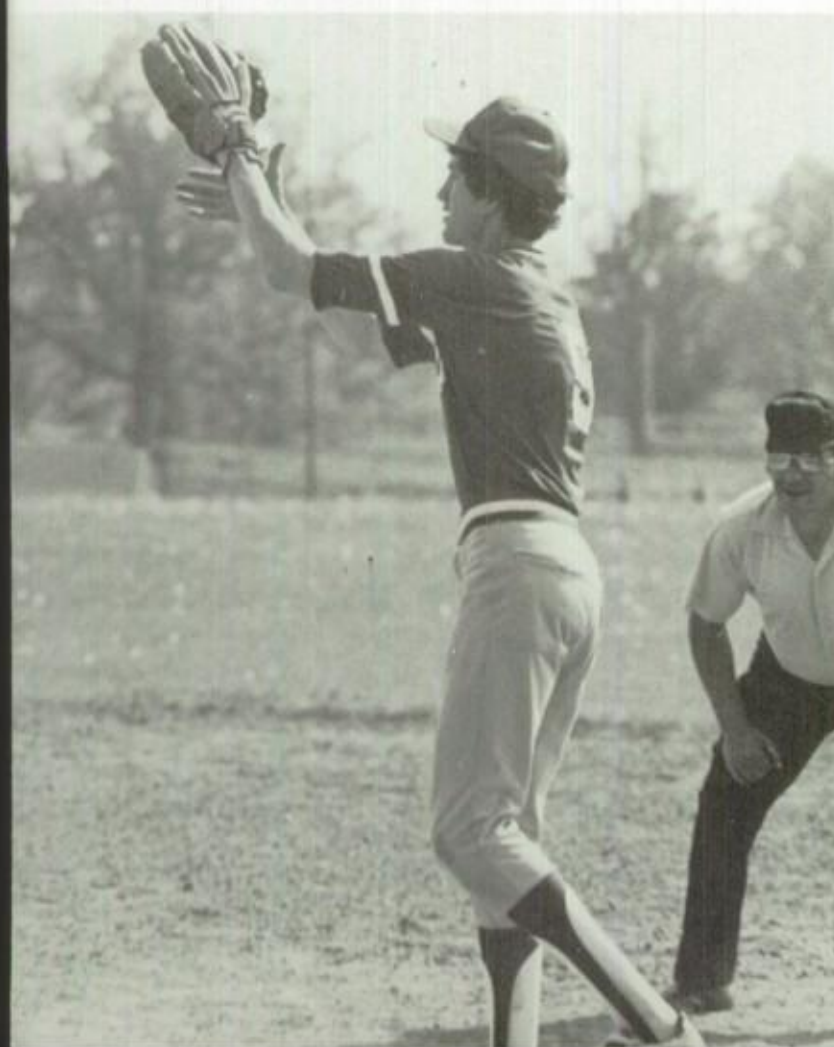

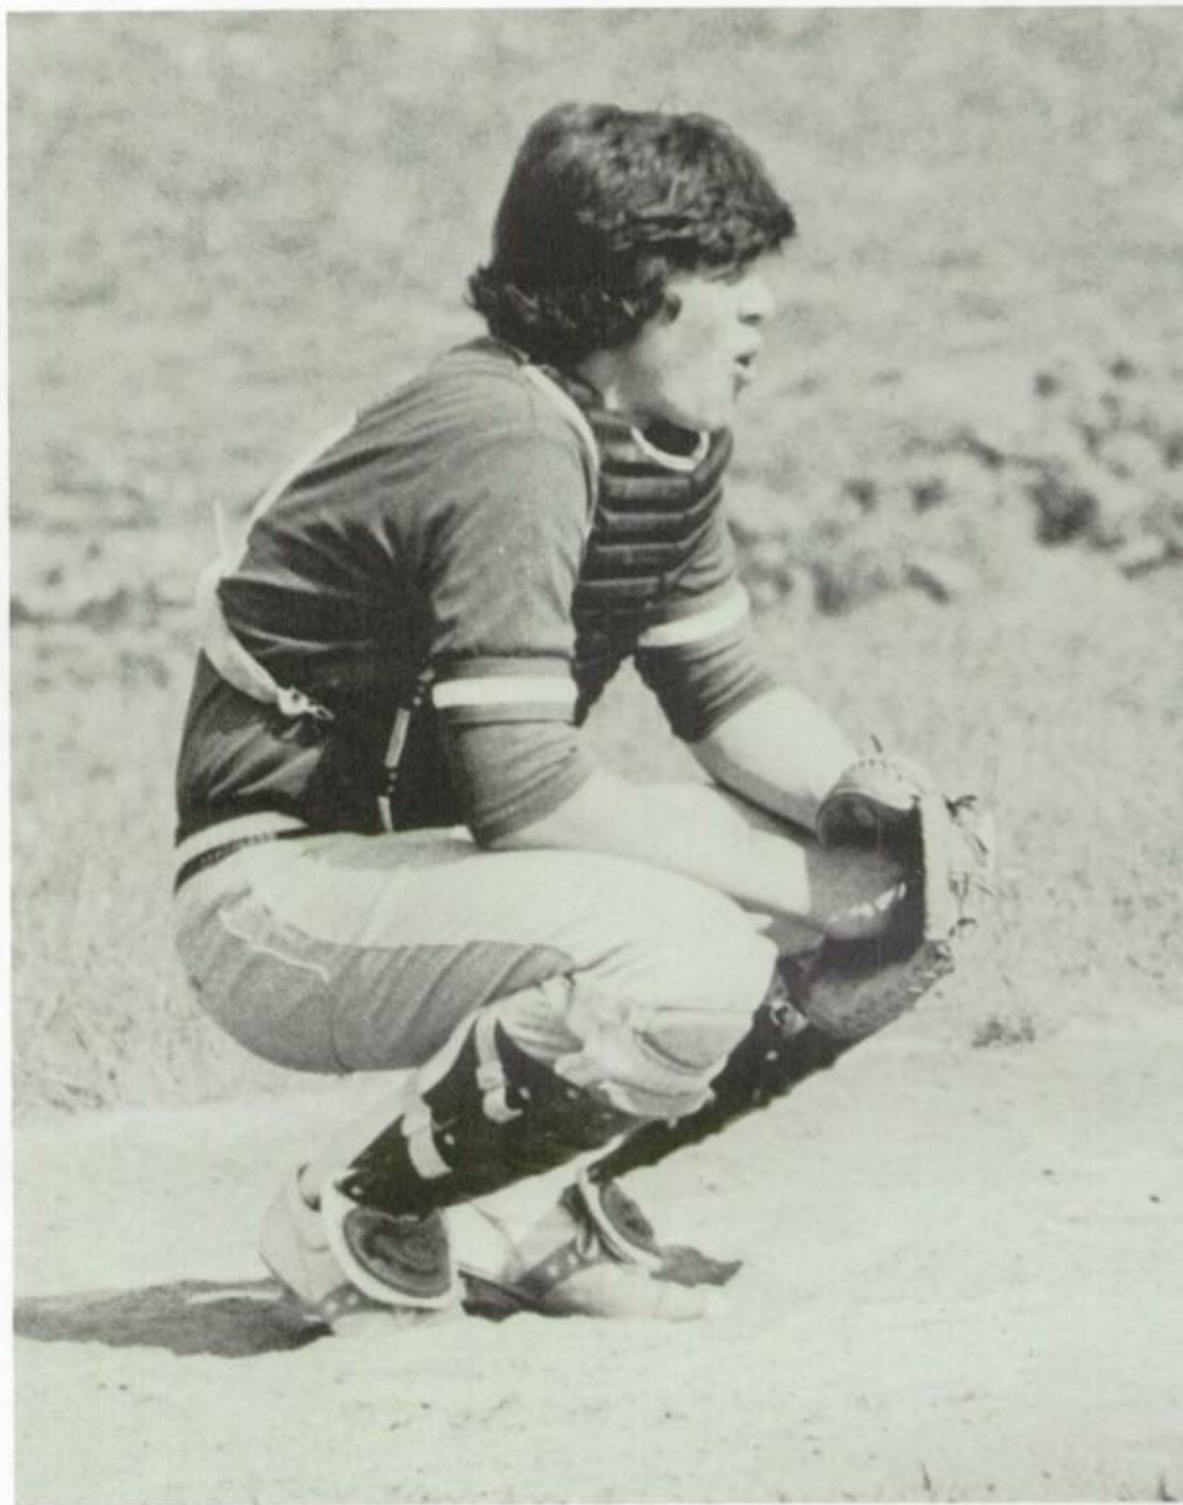

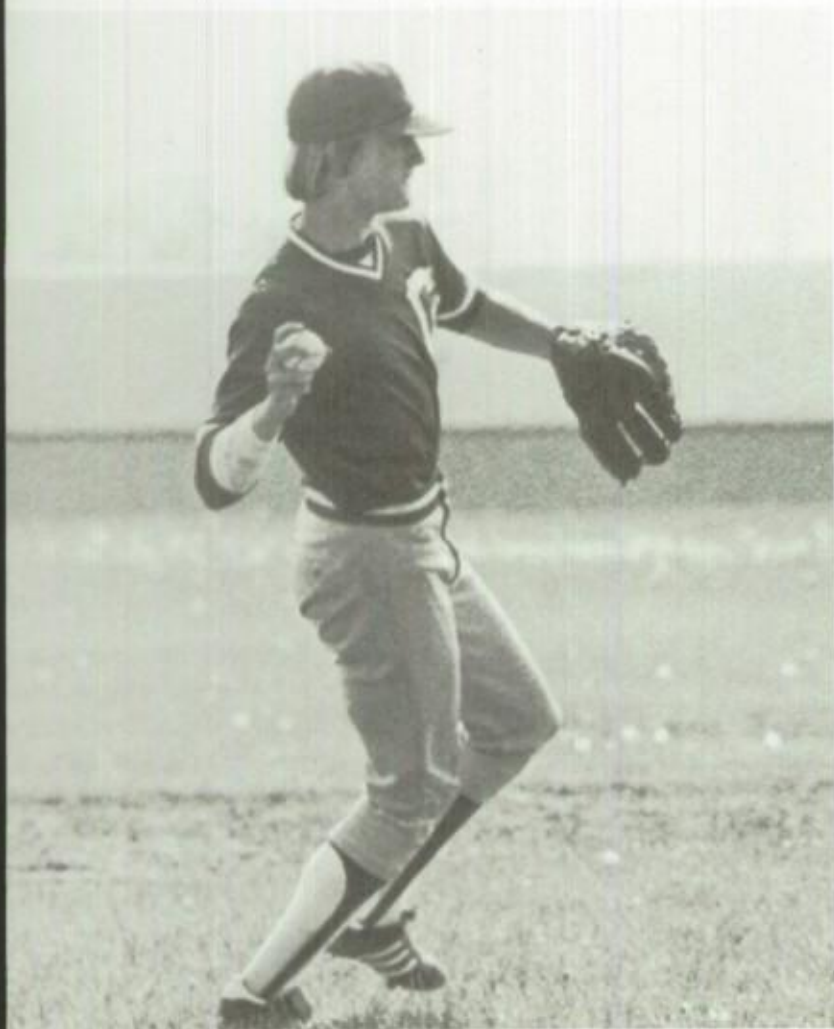

Another skill the team had was knowing when they had a terrific coach. Miss Willenbrock showed the team much guidance and helped them work together. Miss Willenbrock received respect, friendship and many sundaes from the players. We would like her to know that she has done alot for us. The 1977 Softball team would like to wish Miss Willenbrock much happiness in coaching and life situations. By the way, where do I play today Coach?

Softball: Back Row: A. Alley, E. Bickel, C. Weaver, P. Moses, M. Maurean, N. Satryb, Row 2, S. Garrverick, C. Mothersell, J. Johnson, J. Alley, D. April, J. Schoder, Coach Willenbrock, Row 1, Waide.

Baseball

The 76-77 Varsity Baseball Team had a somewhat disappointing season. A bright spot was Alex Bickel's (jr.) great hitting and Buddy Howe's (jr.) clutch hitting. The whole team is looking forward to the 77-78 season as 8 starters will return.

“Wait Till Next Year!”

Track '77

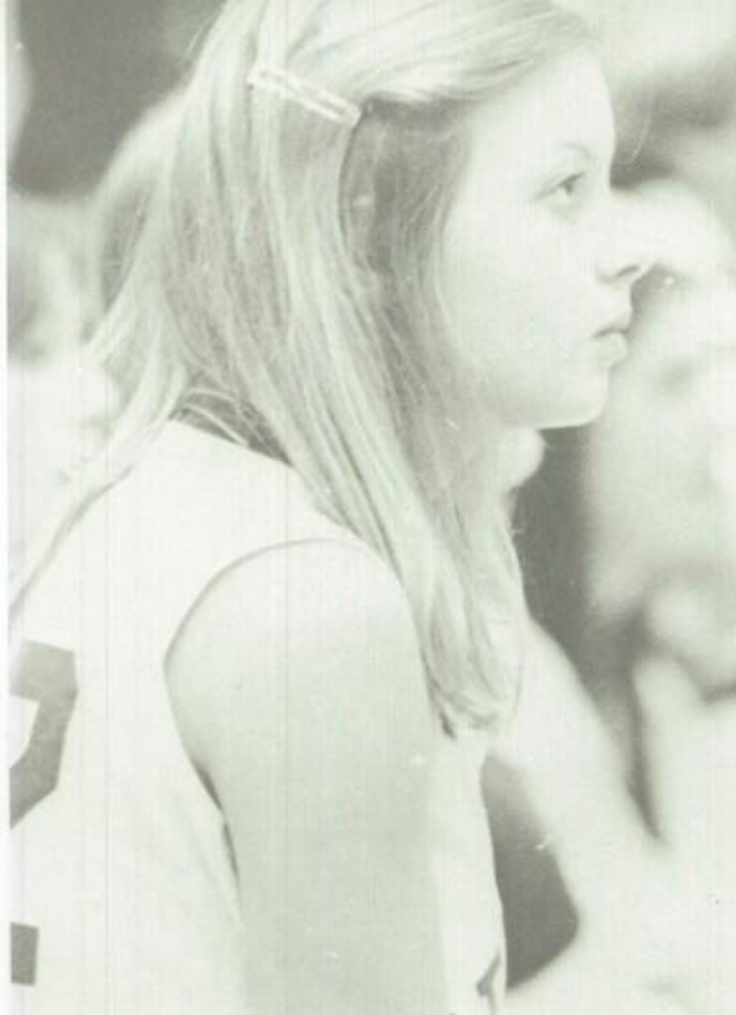

The Track team had a successful season under head Coach Mr. DeBolt and Assistant Mr. DeBadts. During the season, there were many outstanding performances. These were led by Senior Dan Kingston who set a new school record of 142'8" in the discus, Brian O'Neil (soph.) in the 880 and high jump, and Travis Hamilton (frosh.) in the 440. These three all went to sectionals.

The girls team had a great round up of girls under the rallying of Senior captains Sue Ehmann and Holli Hepler. All of the girls are to be recommended for their performance in the county meet and for many of the Great performances in Sectionals. Sue Ehmann ended up our season with an outstanding eighth place in the Girls State Track meet, in Morrisville.

LOSERS ARE MADE — NOT BORN.

A father
is many things to his son:
but most of all
teacher and idol.

A father
this teacher and idol
seeks ways to mould
this smaller image of himself
not into his own image
but into someone
who is his own someone
his own man
unique and self-sufficient
and not a smudged carbon copy
of someone else.

And one of the ways
this teacher and idol
knows and also explores
to help his son reach manhood
and maturity simultaneously
is sports.

For sports
reveal to his son that life is
a struggle
that skills to handle this struggle
must be studied and learned
and meshed with the skills
of others
so that what must be accomplished
is accomplished.

Sports also show his son
that every struggle
has an uncertain outcome
no matter what skills
he commands.
For in every contest
chance plays the starring role
or calls signals from the bench.

Sports show his son
in telescoped time
what his father wants
him to know:

The game is never over
no matter what the scoreboard reads
no matter what the clock says.
The secret of the game
is to do one's best
to persist and endure
and as someone said
to strive
to seek
to find
and not to yield.

A

nd I am all alone.

There is no one here beside me,
And my problems have all gone.
There is no one to deride me.
But you got to have friends,
The feelings oh so strong.
You got to have friends,
To make the day last long.
I had some friends but they're gone,
Something came and took them
away.

And from the dusk to the dawn,
Here is where I'll stay.
Standing at the end of the road,
boys.

Waiting for my new friends to come.
I don't care if I'm hungry or cold,
I'm gonna get me some of them.
Cause I said you got to have some
friends,

I'm talking about friends,
That's right friends.

I had some friends, oh but they're
all gone, gone.

Something came and snatched them
away.

And from the dusk 'till the dawn,
Here is where I'll stay,
Here is where I'm gonna stay.
And I'm standing at the end of a
real long road.

I'm waiting for my new friends to
come.

I don't care if I'm hungry or
freezing, cold.

I'm gonna get me some of them.
Cause I've got to have friends.

That's right, friends

I got to meet my, I got to meet my,
I got to meet my friends.

My friends, oh my friends, that's
right friends.

I've got to have friends.

If I could save time in a bottle
The first thing that I'd like to do
Is to save every day
'Til eternity passes away
Just to spend them with you.

If I could make days last forever,
If words could make wishes come true;
I'd save every day like a treasure
And then again
I would spend them with you.

But there never seems to be enough time
To do the things you want to do
Once you find them.
I've looked around enough to know
That you're the one I want to go thru time with.

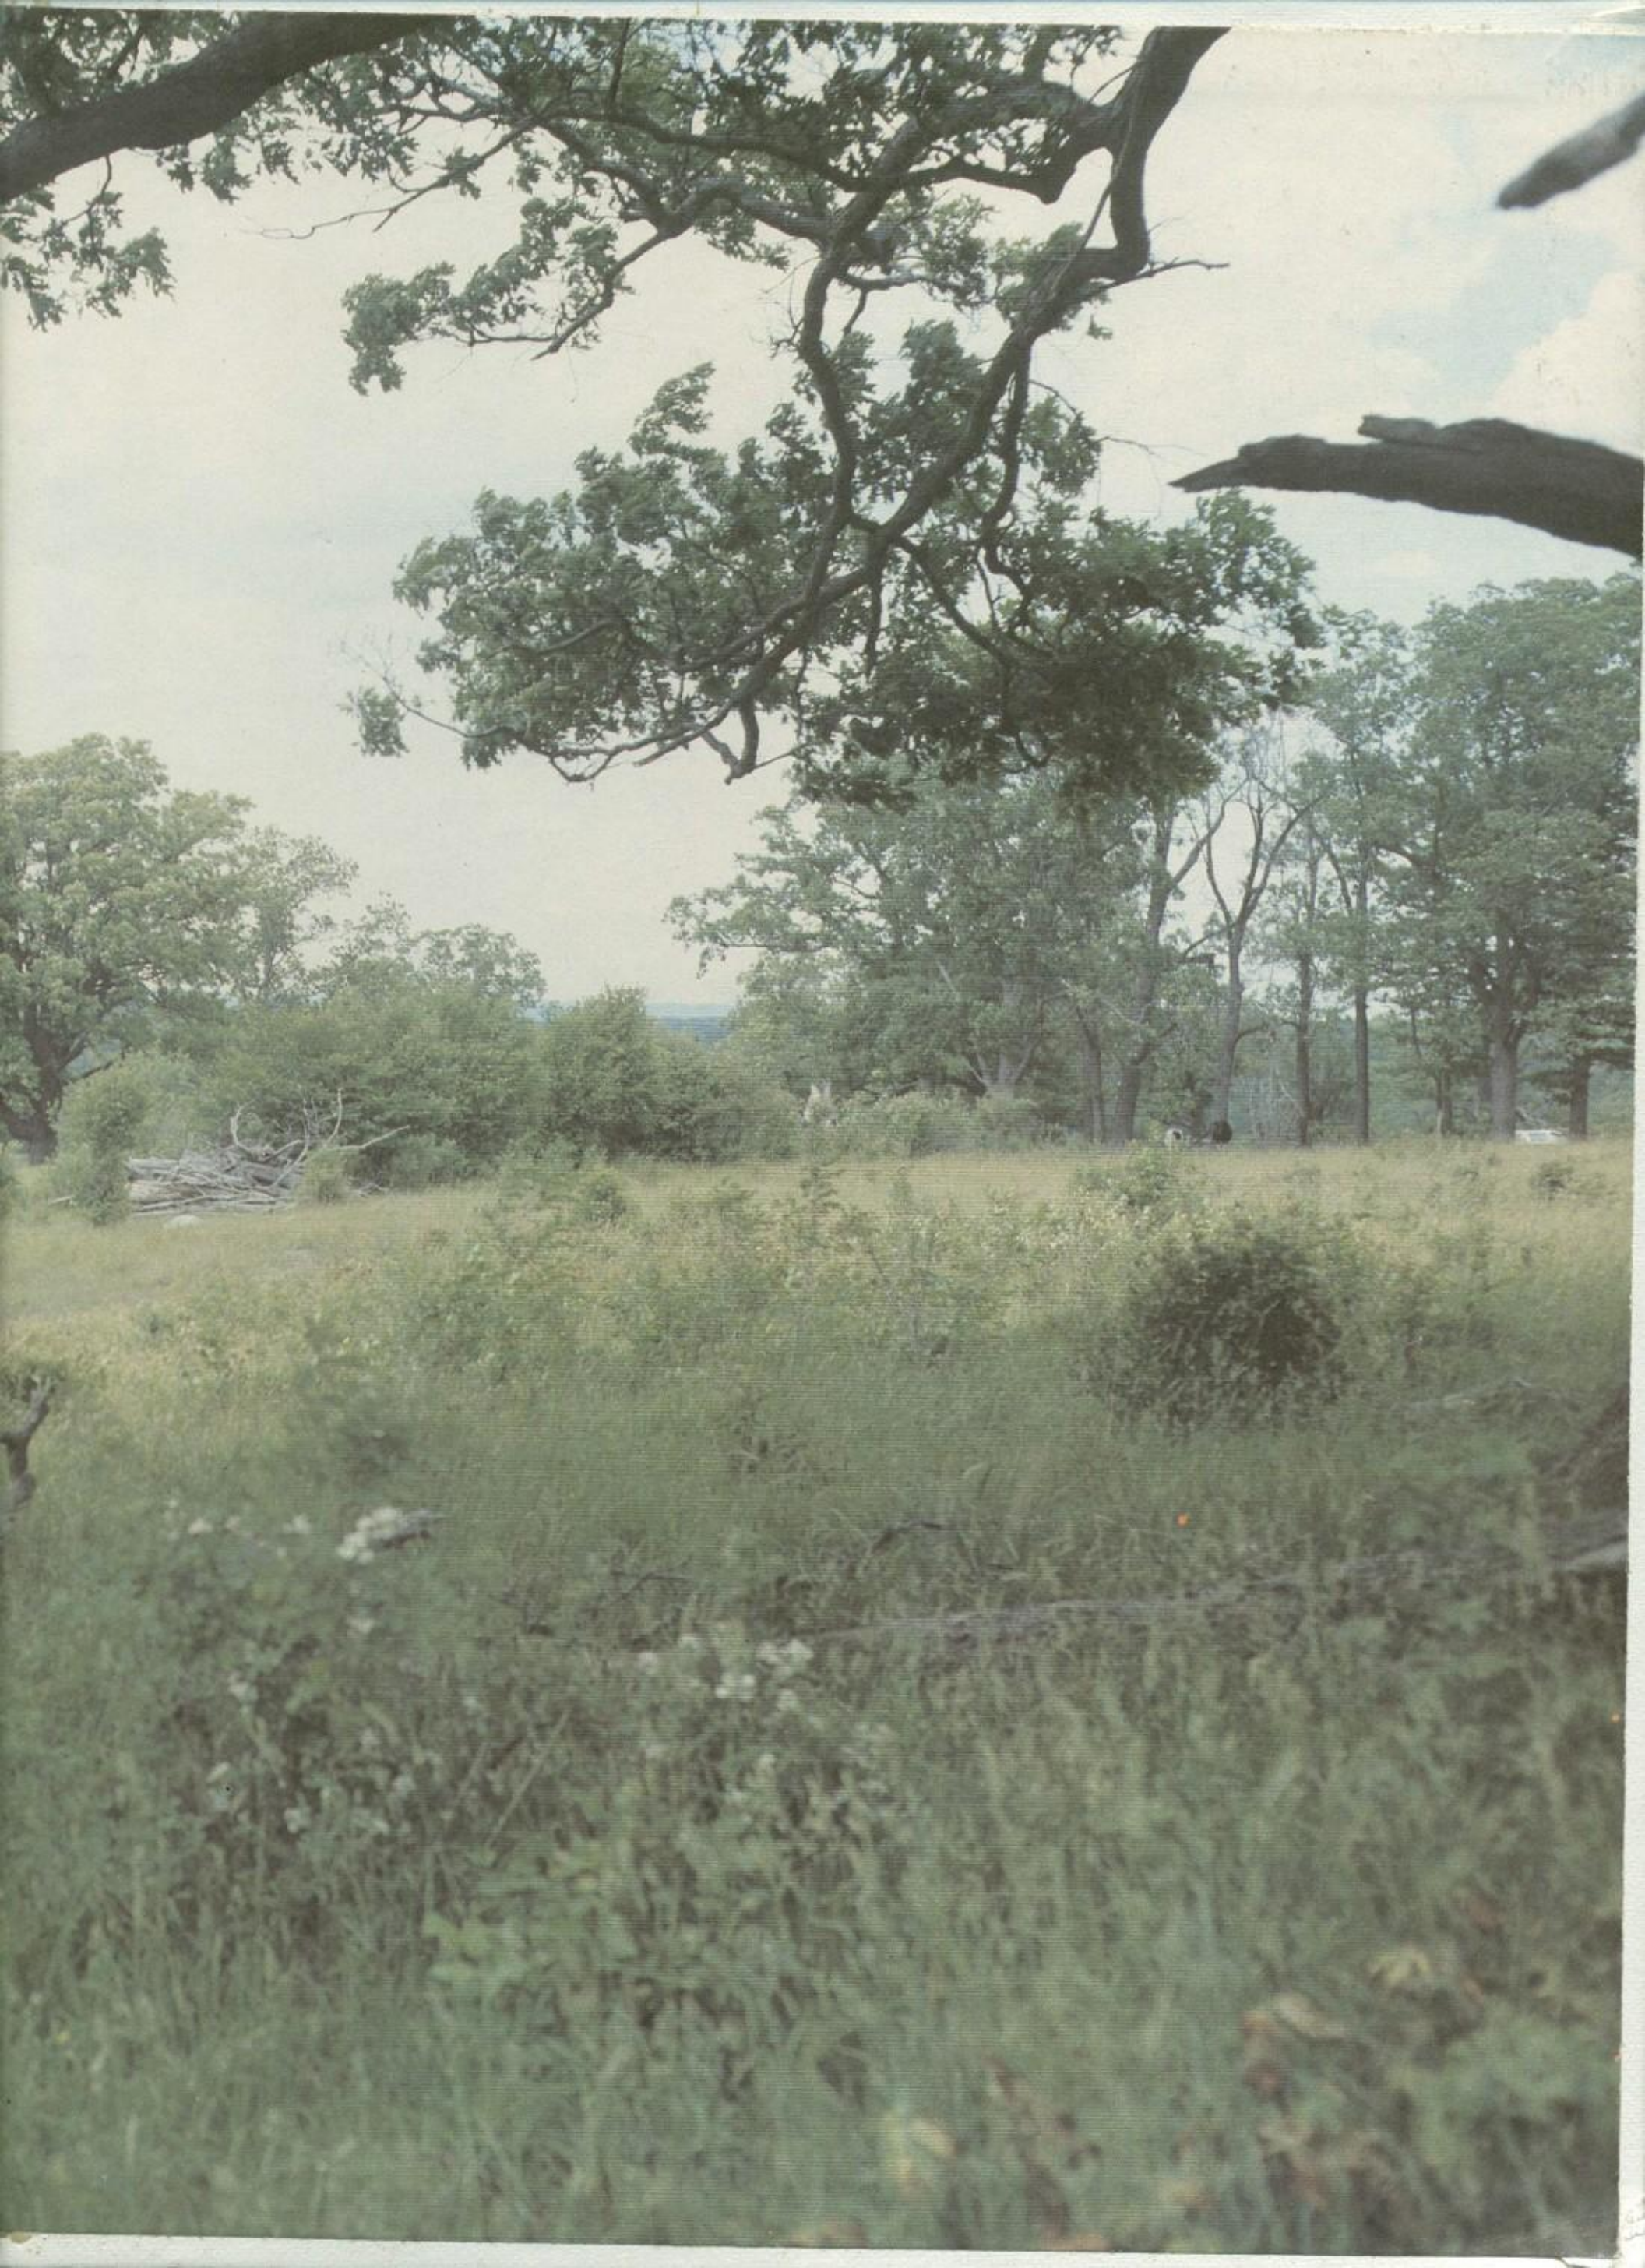

If I had a box just for wishes
And dreams that had never come true;
The box would be empty except for the memory
Of how they were answered by you.

But there never seems to be enough time
To do the things you want to do
Once you find them.
I've looked around enough to know
That you're the one I want to go thru time with.
